Tobacco Plants Flourish

Put That In Your Pipe

George Stravinsky, Chester pipe smoker, is no admirer of "imported Turkish tobaccos" or exotic blends.

So fond is he of domestic flavor that he has been raising his own tobacco and curing it for over 20 years.

Stravinsky, 65, of 619 Dunn St., retired shearman at the Wheeling Steel Co. at Follansbee, is currently harvesting this year's crop of about 50 plants which will keep him in pipe fuel until next year.

He raises the large-leaved plants, along with tomatoes, corn, beans and other vegetables, on three lots along Georgia Ave.

Stravinsky, who retired a year ago, obtained his first seeds from a fellow steelworker over 20 years ago, and has had his own supply ever since.

A onetime user of commercial blends, he no longer enjoys them, claiming they have too much "bite."

He starts the plants in a hot bed in March or April, setting them out later. The plants are large enough by September to pick and store in his darkened garage near the garden where the leaves hang for about two weeks, turning yellow.

Sprinkled with salt water, the leaves are then packed into a wooden box and pressed, soon turning a familiar dark brown and ready for smoking.

As he needs it, he takes a roll of the leaves, shreds it and fills his tobacco pouch, ready for an enjoyable pipeful.

Stravinsky, a native of Lithuania who has resided in Chester since he was 16, says his crop gives him good smoking, and many of his friends who have sampled it, fully agree. And you can put that in your pipe and smoke it!

Western Ministers Map Berlin Negotiation Plan

U.S. Slates Resumption Of A-Tests

Blast Series May Begin In 10 Days, Congressman Says

WASHINGTON (AP)—The United States is expected to resume underground nuclear testing within a week or 10 days.

This became known today as the Joint Congressional Atomic Committee called a closed session to go over plans for the new American series and to hear a top secret analysis of the nine Soviet blasts since Sept. 1.

Rep. Chet Holifield, D-Calif., chairman of the Senate-House group, told a reporter that Atomic Energy Commission and Defense Department experts are "working night and day" to get the American tests under way.

Holifield said that the experiments will start with a number of underground blasts of relatively low yield.

The joint committee will get its secret briefing from Dr. Glenn T. Seaborg, chairman of the Atomic Energy Commission, and Maj. Gen. F. J. Rodenhauser, representing the Defense Department unit that will handle the military phases of the Nevada test series.

Various explanations have been advanced for the wide range of power yield detected from the nine Soviet blasts. Wednesday's shots were reported by the AEC as being in the low to intermediate range.

In nuclear terminology, low range could mean a force comparable to the American atomic bombs that blasted Hiroshima and Nagasaki. They had the explosive equivalent of 20,000 tons of TNT.

Some shots in the new Soviet series have exceeded the 1-million-ton range. Some scientists have suggested the Soviets are testing trigger devices for a superbomb that Soviet Premier Khrushchev has said he will build with the punch of 100 million tons of TNT.

The United States earlier perfected a variety of 1-million-ton equivalent bombs for delivery by B52 strategic aircraft.

The Public Health Service reversed itself Wednesday night and said there had been a mistake earlier in the day when it reported an abrupt increase in atmospheric radiation detected by its fallout station in Phoenix, Ariz.

A spokesman said the corrected reading for Tuesday was "more comparable to figures earlier in the month." However, the health service stressed that even the mistaken higher reading was not high enough to pose a health threat.

Rusk Opens Washington Conference

Allied Aides Study Strategy For Talks With Soviet Group

By JOHN M. HIGHTOWER

WASHINGTON (AP) — Secretary of State Dean Rusk opens a conference with Western foreign ministers here today to chart the Allied approach to the Soviet Union next week on negotiations for a Berlin settlement.

Rusk and Soviet Foreign Minister Andrei Gromyko are due to attend the fall session of the U.N. General Assembly beginning Tuesday. President Kennedy, disclosing this Wednesday, said their presence in New York will provide opportunity "for serious talks about Germany and other problems if the Soviet side proves willing."

The three-day Western policy conference was scheduled to start at the State Department at mid-afternoon with Rusk, Foreign Secretary Lord Home of Britain and French Foreign Minister Maurice Couve de Murville attending.

Rusk scheduled preliminary talks earlier in the day with West German Foreign Minister Heinrich von Brentano and Lord Home. Von Brentano will join the main conference Friday morning and participate in the sessions which will continue into Saturday.

Three main issues are set for discussion—the problem of Berlin negotiation between the Soviet Union and the Western powers, the planning of emergency measures to meet specific steps the Soviets could take to put pressure on West Berlin and issues which may come up at the United Nations. The third item is understood to include tactics for defeating the Soviet Union's expected bid to give Red China U.N. membership.

Kennedy declared Wednesday in his statement on Berlin that the United States is ready to discuss the Berlin crisis with Moscow and other governments in a search for means "to preserve an honorable peace."

"If that is the purpose on all sides," Kennedy said, "there is no need for resort to force."

Kennedy made his statement in comment on his meeting Tuesday and Wednesday with President Sukarno of Indonesia and President Modibo Keita of Mali, who came here as emissaries from the recent Belgrade conference of 25 nonaligned nations. Sukarno and Keita delivered a conference appeal to Kennedy for direct negotiations to save the world from nuclear war over Berlin. Such an appeal also was presented to Soviet Premier Khrushchev.

Grand Jury's Recall Due In Number Case

Added Session Set After Prosecutor, McElroy Aide Talk

Prosecuting Atty. G. William Brokaw said today in Lisbon the September Grand Jury will be recalled Sept. 21 for a special hearing on the evidence against the Lisbon Sales Book Co., which was raided by Atty. Gen. Mark McElroy and aides Sept. 6 for alleged printing of numbers slips books.

The prosecutor made the announcement after conferring this morning with Asst. Atty. Gen. John W. Gleason, who was sent to Lisbon by the attorney general to confer with the county's chief legal officer.

The prosecutor had allotted time this afternoon to present the attorney general's case against the salesbook company, which McElroy termed the third largest printer of "bug" slips in the nation.

The new arrangement was announced after Gleason's visit. It was the first time anyone from the attorney general's office had been in touch with the prosecutor's office since the widely-publicized raid, Brokaw pointed out.

The Grand Jury is running a little behind schedule in its investigation because several unexpected witnesses turned up Wednesday and asked to testify, Brokaw said.

However, with the salesbook investigation being set aside for today, it is expected the 15-member panel will get back on schedule this afternoon and will report sometime Friday afternoon, Brokaw said.

One new case has been added. The defendant is Herbert McCullough of Pleasant Heights, Lisbon, accused of assault Sept. 6 on Charlesetta Wilson, also of Pleasant Heights, Lisbon.

Friday's schedule calls for the Grand Jury to hear 10 witnesses in four cases, the prosecutor said.

Steeplejack Killed

MONACA — Shortly before Frank Fox, a Brooklyn (N.Y.) steeplejack, was to have gone to lunch Wednesday noon, he fell 381 feet to his death from a smoke stack at the St. Joseph Lead Co. plant. Dr. John W. Colavincenzo, Beaver County coroner, said Mr. Fox was painting the stack about 15 feet from the top when a rope broke on his platform.

9 Used Autos Struck In City Vandal Case

Loss was estimated at $1,000 today after vandals damaged the windshields of eight autos and a window in another in a BB gun attack on an East End used car lot, police said.

The loss occurred at the Arb Motors used car lot, 1340 Pennsylvania Ave., owned by Howard Arb, 1718 Park Ave., officers reported.

Chief Americo J. Radeschi said it was the heaviest loss on record here from BB gun vandalism. Terming the case, "senseless destruction of property," he issued a new warning that parents will be held responsible for damage caused by minors.

The autos may have been damaged by a gun or guns fired from a moving car, as the lot has been under frequent watch to guard against theft of accessories, the chief said. The cars are parked in such a way that the windshields face on Pennsylvania Ave. at a level a little above the sidewalk.

The motor concern reported the damage to police Wednesday. The loss occurred between 6 p. m. Tuesday and 9:30 a. m. Wednesday, the company said.

The gun's pellets damaged the windshields of eight cars ranging from 1955 to 1959 models. In addition, there was damage to a window in the left rear door of a 1958 auto, officers said.

In the last few months, the chief has issued repeated warnings against BB gun vandalism, pointing out that parents can be held responsible for the damage their youngsters inflict.

Royal China Begins Installation Of Jigger

EAST PALESTINE — The Royal China Co., Inc., has started installation of a new floorhead, flatware automatic jigger at the former W. S. George Pottery Co. plant.

The machine arrived Wednesday. It will produce flatware 4 to 8 inches in diameter at the rate of 300 dozen pieces an hour. An automatic drier also is being installed.

The first production is expected from the jigger in about two weeks, according to Fred C. Henderson, vice president.

Chester Area Steelworker Killed By Car

Coroner's Jury To Investigate Death Of Caris Campbell

A coroner's jury will convene tonight to investigate the traffic death of a 59-year-old Chester area man, who was killed late Wednesday afternoon while crossing Route 30, about three miles north of Chester, when struck by a car police said was operated by an elderly Chester motorist.

The inquest into the death of Caris Calvin Campbell of Chester R. D. 1 will be held at 7 at Chester City Hall by the six-man jury composed of Donald Hissam, Harold Dickey, Robert B. Smith, Dean Arnold, Howard Lyons and Paul Clunk.

The jury was sworn in Wednesday night by Squire John D. Herron, acting Hancock County coroner, and viewed the body at the Arner Funeral Chapel in Chester.

Mr. Campbell was pronounced dead on arrival at City Hospital at 5:30 p. m. yesterday, about 45 minutes after he was struck by a car operated by Logan E. Wells, 76, also of R. D. 1.

Wellsville Child, 4 Injured Badly By Car

A 4-year-old Wellsville child remains unconscious at City Hospital today with severe injuries suffered when struck by a car at 10th and Main Sts., Wellsville, shortly before noon Wednesday.

William Cain, 4, son of Mr. and Mrs. William Cain, 1003 Main St., is listed in "poor" condition with numerous injuries. The accident occurred about 11:40 a.m.

The boy was struck by a car driven by Richard H. Gray, 1603 Chester Ave., who was headed on 10th St. towards Main St., according to police.

It is believed the child had been visiting across the street from his home and was returning with a sister for lunch.

The hospital listed his injuries as "multiple fractures," apparently including fractures of the legs and severe head and abdominal injuries.

Police Chief John Hephner is investigating the mishap. MacLean Funeral Home ambulance attendants had to administer oxygen while taking the child to the hospital.

Floods Hit Midwest

Death, Destruction Trail In Wide Wake Of 'Carla'

GALVESTON, Tex. (AP) — Fresh details of death and destruction from killer Hurricane Carla unfolded in the ravaged Gulf Coast sector today, and weather violence from the departed storm widened more than 1,000 miles northward into the Midwest.

Bodies of eight persons — all members of the same family—were discovered Wednesday night at inundated Freeport, one of the hardest hit among cities suffering multimillion-dollar losses along 250 miles of Texas and western Louisiana shore line.

The death toll, which could mount still higher, climbed to 31 in three states—21 lives in Texas and five each in Louisiana and Kansas.

Rains up to 8 inches sent flood waters rising in Oklahoma, Kansas, Missouri, Nebraska, Iowa, Illinois and Wisconsin. Flooding continued in South Texas, doused by post-Carla downpours up to nearly 10 inches.

Vicious winds, another hurricane after-effect, smashed at scattered points from Texas' southern tip through Missouri and into Michigan.

As these echoes from the massive tropical storm continued, National Guardsmen, public officials and a horde of refugees trudged through mud and debris on what promised to be a long and wearying struggle back to normalcy in coastal areas.

Public health threats caused widespread concern. Water supplies were contaminated in dozens of towns and cities.

Typhoid shots were being given to tens of thousands returning to devastated areas. At Houston's Municipal Auditorium, still filled with evacuees, doctors found 14 cases of measles.

Officials feared there would be more grim discoveries like that at Freeport, 40 miles from Galveston, where exhausted Robert Dunn, 15, may be the only survivor of a 12-member family group.

The youth saw a giant wave sweep away his parents, an uncle and aunt, and six children. Robert survived by clinging to the roof of his home.

Bodies of the father, R. W. Dunn, 52; Robert's uncle, Joseph J. Drvar, 54, and six children were recovered in a muddy bay-

Lisbon Relatives Flee From Hurricane

LISBON — Mr. and Mrs. Robert Smith of Freeport, Tex., phoned his parents, Mr. and Mrs. Charles Cannon, of E. Lincoln Way that the family had to evacuate their new home due to the hurricane Carla.

Mr. and Mrs. Smith and daughter, Cheryl, and son, Dane, were being housed at the armory at Freeport, where he is employed by the Dow Chemical Co. Press reports said residents are returning to their homes.

15 Ministers Held

Rockefeller Kin Jailed For Desegregation Try

JACKSON, Miss. (AP)—Mississippi authorities jailed the Rev. Robert L. Pierson—son-in-law of New York Gov. Nelson A. Rockefeller—and 14 other white and Negro Episcopal priests Wednesday following their attempt to desegregate a Jackson bus terminal.

The 15 priests—12 whites and three Negroes — entered the bus terminal's white waiting room. Two patrolmen ordered them out. They refused to move.

Police Capt. J. L. Ray, who has handled most of the more than 300 "Freedom Rider" arrests in this Mississippi capital city was summoned. He ordered the arrest of the priests on breach of peace charges after they again refused to move on.

Trial for the clergymen was set for 3 p.m. today.

The 15 were participating in a "Prayer Pilgrimage" which left New Orleans Tuesday and proceeded without incident until they reached Jackson. Twenty-three white and five Negro Episcopal priests started the pilgrimage.

It was the first arrest for Pierson, 35, of New York City and Evanston, Ill. His wife is Ann Rockefeller, one of the New York governor's five children.

After a meal in jail of cornbread, peas and meat, the minister said that police had been polite and that the treatment was satisfactory.

He said he had no plans to get out of jail but hoped that "churches" around the nation will be concerned enough to come to our help."

"I admire all of them," Rockefeller said in Rochester, N.Y.

"I admire the courage and dedication of these young people to the basic precepts on which this country was founded and their dedication to the cause of making a reality out of these precepts."

Freak Crash Claims Columbiana Resident

HODGENVILLE, Ky. (AP) — An Ohio woman died Wednesday night of injuries suffered in a freak traffic accident Sept. 3.

She was Lazonne Thomas, 48, of Columbiana.

The accident occurred about three miles east of here on U.S. 31-E. State police said the car in which Miss Thomas was riding was passing a plumbing contractor's truck when a door-handle on her car snagged a vise on the side of the truck.

This caused the driver to lose control and the auto smashed into a tree, troopers said.

Still patients in a hospital are the dead woman's mother, Mrs. Vida Thomas, 71, and Anna McLaughlin, 37, both of Columbiana.

Kadar Heads Red Hungary

New Premier Hikes Funds For Military

BUDAPEST, Hungary (AP) — Communist party chief Janos Kadar has again taken on the post of premier in a major government shakeup. He quickly announced a boost in Hungary's military spending.

Kadar took over the premiership from Ferenc Muennich, an old revolutionary. They had ridden to power together when the Soviet Union crushed the Hungarian uprising of 1956.

The shakeup, announced on Wednesday by the presidential council, makes Kadar the official government spokesman. His dual role parallels that of Nikita Khrushchev, Soviet premier and party chief.

Kadar, 49, last held the two jobs in 1958, when he relinquished the premiership to Muennich.

Muennich appears ready for semiretirement at the age of 75.

GM Expects Outptut Delay

DETROIT (AP)— Any hope of General Motors Corp. getting back into high-gear production of 1962 model cars before next week is gone.

Five new at-the-plant working agreements were reached overnight, bringing to 53 the number of local-level contract settlements worked out with striking United Auto Workers. But GM's empire is made up of 129 plants.

Some plants where agreements have been reached still are idle. Others lack agreements but are operating. In all, 90-plus were idled by Monday walkouts.

Despite the few agreements, UAW President Walter P. Reuther predicted, "This thing will develop its own momentum."

Reuther and GM Vice President Louis G. Seaton concentrated on keeping local-level negotiations moving, laying aside for the second night in a row any top-level bargaining to resolve outstanding non-economic national issues.

The union and company already have reached agreement on a national package of wages and fringe benefits to be included in a new three-year contract. The union estimates the economic package is worth 12.04 cents an hour in take-home pay.

Crippling strikes by local unions erupted at a 10 a.m. deadline last Monday when there was no overall agreement. They quickly put all GM's auto assembly lines out of business and idled more than 250,000 of the firm's 350,000 production workers.

DiSalle Calls Legislature For Sept. 22

COLUMBUS, Ohio (AP)—Ohio's on-again - off-again 104th General Assembly will be on again Sept. 22.

Gov. Michael V. DiSalle has officially announced that the legislature will meet in special session that day to deal with an appropriation for capital improvements and civil defense. The proposal would provide more than $40 million.

"I think it will take care of present needs," DiSalle said. He added that additional capital improvement money would be sought at the scheduled Nov. 14 legislative session which will consider DiSalle's veto of second year general appropriations to run the state.

The total of the bill facing lawmakers Sept. 22 is about $5 million less than the one defeated on the final day of the regular session last August.

Major items, largely sums unexpended from previous appropriations, include $10 million for the state's share of public school buildings, $11 million for a state office building delayed by court litigation $6.6 million for Bureau of Unemployment Compensation units, $145,000 for a hospital at the Ohio Rehabilitation Center here and $50,000 to rehabilitate various state buildings.

The measure also would boost civil defense from $100,000 to $270,000 for this year. The administration originally sought about $540,000 for a two-year period.

Trying To Prove What?

We think it would be a good idea to heed France's President De Gaulle on the subject of Berlin.

Why, asked the tough-minded Frenchman in a news conference earlier this month, are the Russians stirring up the Berlin question now? What are they trying to prove?

He suspects they are trying to prove that the hand is quicker than the eye; that they are trying to distract attention from one thing by making a fuss over another thing.

This invites the speculation that runs on endlessly about Khrushchev and the Communist Conspiracy.

RUSSIAN COMMUNISTS under Khrushchev may be trying to keep the world from little noting or long remembering evidence that Red China is floundering.

As the rocket-rattling partner of the Sino-Russian axis, the Soviet Union may be flexing its muscles to draw attention away from a weakened fellow conspirator.

Or some political situation inside the Soviet Union may make it desirable for Khrushchev to assert himself vigorously at this time, a month before the convention of the Russian Communist party in mid-October.

This would be easy for Americans to understand. It would be the same bluster their own politicians do so well just before political decisions are made.

Khrushchev, like all top members of the Communist hierarchy, must fight for his survival. Frol Kozlov, secretary of the central committee of the Russian Communist party, is back in attention. At the age of 52, he is the logical successor to Khrushchev and, like many a logical successor, he may be making the man about to be succeeded want to hang on a little longer.

THERE IS ANOTHER possibility.

Unrest in Russia and the satellite countries may have reached such an acute stage it is necessary to exercise the military might they have been building with their austere existence.

It is doubtful that the Berlin crisis and the nuclear tests are manifestations of strength. That is only the illusion they are supposed to create.

It is more probable the Khrushchev regime has been forced to admit weakness, for reasons still not known but which will be, when known, evidence of weakness.

They'll Never Find It There

Attempts to find plausible reasons for the local strikes that hit General Motors on the rebound have been fruitless.

The explanations were looked for in the wrong place.

They were sought under the headings of economics and grievances, unsettled in master contracts. No economic issues were unsettled. No serious grievances were left dangling.

A psychologist would have looked in the right place.

He would have known something besides economic determinism underlies strikes. He would have heard about something in unionism besides issues that can be negotiated in contracts.

Some years ago when John L. Lewis could turn off the labor of his United Mine Workers members like turning off a faucet, he specialized in a Spring strike timed to catch workers in a mood to go fishing and paint houses. What it amounted to was that coal miners were in a mood to lay off work anyway at the end of a hard winter; they enjoyed this springtime demonstration of personal independence.

This does not imply that Walter Reuther winked at United Auto Worker members who stayed off the job after negotiators had reached a settlement. It only suggests that Mr. Reuther's constituents were in a mood to show their personal independence and did so on a grand scale while the economic determinists who have hard, logical answers for everything bit their fingernails in frustration.

It made no sense for auto workers to be striking after agreements had been reached. It made no sense, that is, to anyone except tens of thousands of auto workers, who were in a mood to strike a little before buckling down for what they hope will be a long winter's work.

Student Riots In America

Policemen in many places in America no longer think "student riots" occur only in Europe, Asia and South America.

They have been getting their lumps from the fists, clubs and hurled objects of "students" in communities from Florida to New York. Riots broke out during the Labor Day weekend in several Cape Cod communities, at Hampton Beach, Wildwood, Ocean City, Lake George and elsewhere in the East and at Clermont, a suburb of Indianapolis.

The patterns were the same in every case. Large numbers of student-age youths had congregated for one reason or another. Taking courage from one another and sometimes from alcoholic beverages, they asserted their collective will by doing damage to property, abusing and insulting the populace and tussling with the police.

They did not seem angry — just disorderly. When they had been subdued, they did not seem to be contrite — just resigned. Although identified as students, the category fits them loosely, because there is no proof of anything about their studenthood other than the fact they usually were of student age and dressed like students.

This suggests that not all foreign "students" who mix it up in riots are necessarily studying anything. But more than that, it poses a puzzle for America, which has boasted that its young people were above the kind of student rioting that has plagued the police of other countries. Here, the riots are not in behalf of political causes. There is no intent to overthrow the government. There seems to be no purpose whatever, other than diversion through disorder.

Can the boredom of the young in America really be so deep that the only way to lighten it is to destroy property, frighten law-abiding citizens and fight policemen?

Got Your Number!

The automation bogey can get taxpayers, too.

It would work like this:

An Internal Revenue Service checker with a pencil can do only so much. IRS chiefs tirelessly explain how much more money they could collect with a few more million dollars' worth of employes. But it's like reaching for the moon.

With data processing machines, IRS could automate taxpayers into perfect compliance with revenue laws. The machines would show who wasn't paying taxes, who had forgotten to file a return and whose return was out of line with his previous year's return.

They could do this in less time than it would take a division chief to set up a work schedule for a roomful of pencil sleuths—and infinitely better.

All it would take to get the thing rolling would be a number for every United States taxpayer. Data processing machines are good, but they can't remember names. They need numbers.

Congress is being asked for permission to assign a number to each taxpayer. For most of us, it would be our Social Security number—those who have Social Security accounts with the federal government. It would be simple from there on.

The government would have our numbers. It could press a button and find out whose income tax return was missing and whose return was out of line.

A data processing machine will get you if you don't watch out!

Berlin Never Will Be The Same

One of the curious things about Berlin is that no one wants to think about it though everybody talks about it.

No one wants to admit the city never will be the same.

And no one wants to believe there either will be an alternative to rising tension, an outbreak of war in the wrong place for the wrong reason at the wrong time.

This is because any thought about an alternative stubs its toes on the unyielding fact that the Soviet Union holds the high cards. The alternative—any alternative — would mean a loss of face to the Western Allies.

One alternative would be an arrangement for the United Nations to supplant the West-Berlin and the Soviet Union as the ultimate authority in East Berlin.

The net effect would be to make the city a ward in the growing list of United Nations wards—the Gaza Strip, Korea, Lebanon and the Congo. There would be one more addition to the swelling ranks of U.N. soldiers who have borne arms while wearing the insignia of an international army. One more garrison would be set up in recognition of the harsh fact that men can hate one another so bitterly they must be held away from one another's throats by 24-hour-a-day restraint.

Berlin then would belong to everyone and no one.

If the alternative were war, however, both the Soviet Union and the Western Allies would jump at a chance to interpolitical nationalize Berlin. The Soviet Union would have nothing to lose, and the Western Allies would rather lose their face than the tenuous peace they are permitted to enjoy between the last Kremlin-provoked crisis and the next one.

Odd Facts

The term "university" originally meant a guild or corporation. There were in medieval times "universities" of bootmakers, weavers, clothiers, etc. Thus, when the "university" of learning was established, it was similar in organization to the guilds. The students filled the role of apprentices, and the teachers were the masters.

The average supermarket shopper of today spends more time roaming about the store than formerly. Today's woman takes an average of 27 minutes to buy her groceries, as against 18 minutes five years ago.

The American turkey vulture is completely dependent on dead animals for its food. The vulture is no longer equipped with talons capable of killing or carrying off its prey.

Today there are millions of grownups who, unlike their fathers in thinking they were too old for studying, are more eager than ever to learn and are burning the midnight oil studying high school and college courses.

The Progeny

Ike Offers Aid For Nixon

By Victor Riesel

GETTYSBURG, Pa.

There is an old room here in an old house in which a president of the United States once rested for an hour. An artificial breeze waltzes a curtain in and out of a prop window. A voice rehearses a speech which begins, "Four score and seven. . ." That is recorded history.

Victor Riesel

There is another room in a nearby house where history was made the other Monday—history which has gone unrecorded until now. This latter-day ex-President by name of Dwight D. Eisenhower sat with an old partner, Richard Nixon and heard the younger man outline plans which would lead the visitor once more to a fight for the presidency.

Eisenhower listened. He would not give Nixon any advice, he said. But if he were in Nixon's shoes, he added, he would run for governor of California.

NO ONE who has been in government service, said Ike, and has worked for the public as long as you have, should avoid running if called.

Richard Nixon—as was first predicted in this column—said he planned to run. He would, he added, declare openly, probably on Friday, Sept. 15 or thereabout.

The ex-President said he would be delighted to come and help campaign in California—if Nixon wanted it. Nixon did.

They reminisced. Ike said he would have been happy to have campaigned longer and more intensely the last time had he been called on.

Something was said about TV debates. Mr. Eisenhower always had been opposed to them.

That was on Aug. 28. They agreed to meet in Washington two days later.

THEN MR. NIXON went to Washington and some skull sessions with what the political boys call the "Chowder and Marching Society"—the group of younger congressmen who had worked with the former vice president when first he hit the Hill.

Among them were such men as Rep. Bob Wilson of San Diego and Rep. Bill Ayres of Akron. They urged him to run. The next day, the image was complete. "Dick and Ike" golfed in Washington for all to see.

Between the rehearsal for that hole-in-one and Nixon's departure for New York City, he holed-up with nothing but a telephone.

He telephoned the experts, including some labor people.

To Nixon the past was prelude. He was brought up to date on everything from Latin America to the auto crisis to the last strand of Berlin's barbed wire.

Then he headed for New York.

He settled some private business and set up some national TV hookups. He came to Gotham knowing that his friends still control much of the national political machinery, the national committee chairmanship and the leadership of the Republican Congressional Campaign Committee.

But what of his old dueling partner Nelson Rockefeller?

NIXON WAS TOLD that the "nerve center" of the opposition—somewhere in the three floor complex the pivot of which is the 56th floor of 30 Rockefeller Plaza—had indeed been tingling.

Some of the best men of the old Tom Dewey and Dwight Eisenhower teams had been brought in quietly. They had been working hard and quite brightly on at least one major project. They wanted to make New York City the showpiece of successful Republican political operations.

A Republican success in the big city's mayoralty election this year obviously would help Gov. Rockefeller take New York State next year like Hannibals' elephants took the Alps.

Had Nixon stayed another week he would have seen this Operation Showpiece turned into a shambles by Mayor Robert Wagner's stripping the Tammany tiger into a patchwork rag.

NOW BOB WAGNER is certain to beat the Republican candidate for mayor this fall by almost half a million votes. This will give the appearance of Wagner defeating Rockefeller himself. Rockefeller's strategists will not be able to point to the City of New York mayoralty election as a sign of "Rocky's" personal appeal.

This will not do the governor any good in his drive for re-election in 1962—the same year Richard Nixon will be gunning against California's Gov. Pat Brown.

If Nixon wins that one handily and Rockefeller does not do handsomely, the Californian has the 1964 presidential nomination clinched.

If there is a reverse play—then Dick Nixon is in the private law business for keeps.

Letters To The Editor

We as Legionnaires are interested in the betterment of the community. We would like to point out another organization which is striving and has succeeded in bettering the community.

The organization is only a few months old and is known as the Lawrenceville Athletic Association. It has done so much in a short time. Why has it done so well? Cooperation and hard work. A group of men set out to do a job and without letting up for one minute have been doing the job well.

Without individually thanking in this letter, we would like to express our thanks where we feel that it is deserved. Not meaning this to be a "back patting" or glorifying letter, but just to express our thanks and to acknowledge that we have seen the good that has been done.

The Lawrenceville Athletic Association fielded three teams of baseball players, providing recreation for some 46 boys ranging in age from 8 to 19 — two teams participating in league play and a team with boys in the age group of from 16 to 19 playing independent ball. We at the Legion express our thanks to officers of the association. Their continuous struggle to raise funds for uniforms and equipment for the boys have proven fruitful.

The funds that were raised were partly from donations and each person or business place who so generously donated can rest assured the contribution was put to good use. Your help in financing the club has helped to make it a success.

While we're thanking, we must remember the managers and coaches of the teams. We are proud to say a majority of them are Legionnaires. The final standings in the league speak for the fine job each manager and coach has done.

No doubt there are a few people who have not realized that each game at Lawrenceville was scored officially. Each boy's batting average was figured and a record kept. This required a scorekeeper who understood a hit from an error and an official time at bat from a sacrifice. Fortunately, Lawrenceville is gifted with such men who so willingly gave their time and service to the team.

The umpiring at the Lawrenceville field, we realize, was far from professional, but each game was called in sincere earnestness, with no showing of partiality by men who generously donated their services. A thanks to the "umps" for the time spent and hard work.

And who says baseball is for men and boys only? If you were ever around the Lawrenceville field during a game, you would see the ladies selling refreshments. We have to wonder how many of the ladies must have left the dinner dishes in the sink so they could help. The profits from the refreshments have helped and we are all most grateful. The ladies also are to be congratulated on the wonderful meal and beautiful decorations at the banquet for the boys. Thanks, ladies, and keep up the good work next season.

A Lack Of Realism

By David Lawrence

West, Russia Ignore Real German Issue

The talk of negotiation between the East and West persists but there's a certain lack of realism on both sides as to what ought to be talked about.

David Lawrence

One view, expressed by former President Eisenhower, is that there's nothing to negotiate since the rights of the Allies in West Berlin are well established.

Another view is that since the Soviets through their puppets in East Germany have sealed off East Berlin from the other part of the city, the main objective of the Russians has been attained already and that West Berlin now is isolated and seems certain to wither on the vine.

But, oddly enough, the main issue — in fact, the only issue — is conveniently ignored by the spokesmen of both the East and the West. It is that the German people are entitled to self-determination.

This is, to be sure, a basic issue worth negotiating about. It embodies a principle which has been proclaimed around the world as a fundamental of our present-day idealism.

It is the principle that evokes Russian sympathy for the Algerians in the latter's effort to separate from France.

It is the principle for which the United Nations not only has sent troops but is spending large sums of money to get self-determination for the people of the Congo.

It is principle that makes other nations eager to welcome into the U.N. numerous African countries however uneducated they may be in the art of self-government but nobody seems to be willing to champion the cause of "Germany for the Germans."

The failure to do so is usually glossed over with apologetic arguments that public sentiment in Europe isn't ready for this step and that people in Western countries, as well as in Russia, still fear the Germans. It is really more of an excuse than a valid reason.

The German people as a whole are inherently interested in freedom and liberty. Germans in other parts of Europe and in the United States have become as devoted to the cause of democracy as any other citizens.

THE GOVERNMENT of West Germany at Bonn has, time and again since the war ended 16 years ago, demonstrated that it knows how a democracy should operate.

Indeed, this very month an election campaign resembling closely those held in the United States or in Great Britain is being conducted in West Germany. Yet this point seems not to be emphasized nowadays in contrast to the continued absence of free elections in East Germany and in other areas behind the Iron Curtain.

The Western nations, which pride themselves on their devotion to the cause of democracy, somehow are showing a curious indifference to the need for a worldwide campaign in behalf of the cause of self-determination as it affects the German people.

One would have thought that certain Asian and African countries would be the first to cry out for self-determination for the German people, too.

Certainly the progress of the German people in human endeavors is well known, and nobody disputes that they are capable of self-government.

The fact that they fell victim to a dictatorship which came about through their economic collapse should not disqualify them today from being accorded their full independence.

There would have been no economic collapse in Germany, no dictatorship, and probably no second world war if the Western nations had helped the Weimar Republic in an economic sense in the 1920s with something resembling the Marshall Plan.

INSTEAD OF CANCELLING or reducing to manageable proportions the indemnities or reparations accruing from World War 1, the Western Allies unwittingly helped to bring about the very economic depression that gave Hitler his chance.

If the Western governments which profess today to be interested in the principles of the United Nations Charter are really in favor of the principle of the self-determination of peoples, then the opportunity is at hand for a reunified Germany to emerge as a peaceful partner in Europe.

The Soviet Union should be required by world opinion to keep hands off East Germany, while the people there decide for themselves their future destiny. This would mean withdrawal of all Soviet troops from East Germany and giving the people there a chance to join with their fellow countrymen in a new German Republic.

Do the Western Allies really believe in self-determination, or do they weakly accept the theory that it is impractical because the Soviets oppose the idea?

Does a spirit of revenge still prevail in Western Europe as wartime bitterness is allowed to attain an exaggerated importance in the present situation?

IF GERMANY isn't reunited, it could happen that the German problem would become a festering sore and someday the German people might be stimulated to decide to take measures themselves that could produce another crisis.

Consistency requires that the Allies at least stand up for the self-determination of the German people or admit that the principle no longer has validity and that World Wars 1 and 11 were fought in vain.

Simile of The Week: As full of misgivings as a man taking a pup to a veterinary to have its tail shortened.

This is in no way meant to be a snide remark about the hurricane belt in the United States, but it is not a place I would care to live in or even visit, except under some arrangement for instantaneous departure — just in case.

It seems useless to me to hash over the wartime decision about which side should have marched into Berlin, because if our side had done the marching we still would have let the Russians take their share of the glory for licking Germany.

I like James Reston's puckery comment that if it hadn't been for Maris and Mantle this summer Khrushchev would have crowded out all American news entirely in U.S. newspapers.

In this part of the country, where baby carriages are rare, "pram" ads in New York papers, featuring carriages with reversible handles, coil springs, all-aluminum bodies and all-weather tops are nothing short of quaint.

No sight in nature strikes my fancy like a spatter of fallen leaves on an expanse of green lawn—in September—no Spring scene, no Winter Scene, no Summer Scene.

It finally became necessary at our house to bar Bach from the hi-fi during the dinner hour, because the relentless tempo of the music was causing indigestion from too-rapid chewing, besides making leisurely conversation impossible.

One of the triumphs of hard reason over soft emotion in our time is the widening conviction that the dumbest thing adults can do with kids is let them turn sour because they have nothing to do with their time. One of the surest preventives of juvenile delinquency is a job. One of the surest ways to juvenile contentment is to be busy doing something.

During hurricane Carla many on-the-spot TV reporters, who did a first-rate job, in my opinion, overworked the verb "wreak," which many of them pronounced "wreck," as if they had never understood that the verb is pronounced "reek."

As has been my annual custom since the era of the Jordan "Playboy," I am paying close attention to writeups about new-model cars and am impressed with how many of the 400-odd models that will be available represent something rare at one time in this country—functional transportation. For this, we can thank foreign competition.

All rhubarbs over and about Jack Paar strike me as meaningless but in the rhubarb about the Berlin incident I have a hunch the guy's only mistake was in not telling the eager-beaver soldiers who hardly could wait to get on camera to go back to their barracks and grow up. He didn't have to ask for them; they muscled in.

The most hazardous thing I've ever heard of people doing, besides hauling TNT in trucks, is watching European road races from anything short of a safe distance away. Scores have been killed by cars that careened into spectators.

Democrats Set Hands Off Policy For Postal Plans

The Columbiana County Democratic party has adopted a "hands-off" policy concerning the location of a proposed new Post Office in Wellsville.

A point of controversy for about two years, the issue was revived this week by a proposal from federal postal authorities that possibly a combination municipal building and post office could be constructed.

Don R. Gosney, Columbiana County Democratic chairman, announced at a meeting of the county Democratic Central and Executive Committees Wednesday night at Lisbon that "neither the county party nor the national party," he feels assured, "or any of its officials, are interested in which site is picked for the Wellsville Post Office."

"The only interest the Democratic party or any of its elected officials have is to see that Wellsville has a new Post Office. As to the site, it is up to the people of Wellsville to get together and decide where they would like to have it," Gosney said.

The proposal that a multiple building be constructed was aired by City Council and postal authorities Tuesday night. The proposal calls for the razing of the present City Hall and constructing the new building at the site.

This plan also has been opposed. Earlier this year, a Cleveland man purchased the former Standard Hardware & Garage building at 12th and Main Sts. and planned to remodel it for rental as a post office. Some opposed the location while others objected to a remodeled building.

Intruders Get Change From Coin Devices

Intruders obtained an undetermined amount of change in the looting of coin-operated machines in two East Liverpool laundries early today, police reported.

The lootings were discovered at the Econ-O-Wash Laundry on State St., operated by Joseph Clements, and the Day and Night Laundry at E. 3rd and Walnut Sts., owned by Robert Patterson, officers said.

The theft at the downtown laundry was discovered by Officer Paul Carter while on routine patrol at 3 this morning, police said.

The intruder pried open a coffee dispensing machine and removed the coin box. An unsuccessful attempt also was made to pry open a machine which issues change for $1 bills and the coin box of an automatic washing machine, officers said.

The theft from the East End laundry was discovered at 3:40 this morning by Patrolman Jack Strobel, also during routine patrol.

He said the intruder pried loose the coin box on a washing machine and removed the contents.

Both laundries have been victimized several times in the last few months by vandals and petty thieves.

Fatality

(Continued from Page One)

ginia State Police, who investigated, said the mishap occurred in front of Bob's Bar near the Pennsylvania state line.

The investigating officers said Mr. Campbell was crossing the road to his car parked opposite the tavern when struck. Mr. Campbell apparently was dragged some distance after being struck by the 1960 auto.

Wells told the officers he was en route to Hookstown to eat with some friends and was descending the long, straight grade about 20 miles an hour when his car hit Mr. Campbell.

The hospital did not list Mr. Campbell's injuries, but authorities said he apparently died from a fractured skull and multiple injuries.

He was born in November 1902 in Calhoun County, W. Va., son of Henry A. Campbell and Maude Lynch Campbell. He resided in the vicinity about 40 years. He was employed at the Midland Works of the Crucible Steel Co. He was a member of the Congo Church of the Nazarene near Newell.

He is survived by his widow, Mrs. Wilma Cooper Campbell at home; two daughters, Mrs. Quinnie Cleo Ferguson of Steubenville and Mrs. Osa Lucas of Lawrenceville; a son, Emmett Ray Campbell of Chester; three sisters, Mrs. Barbara Ellen Norman of Akron, Mrs. Eula Richmond of Cambridge and Mrs. Freda Baker of Aliquippa; three brothers, Orvin Campbell of Parkersburg and Elmer Campbell and Everett Campbell, both of Cambridge, and 10 grandchildren.

Services will be held Saturday at 2 p.m. at Turley Funeral Home in New Cumberland by the Rev. Walter D. Speece. Burial will be in the Island Creek Cemetery in Toronto.

Friends may call at the funeral home after 7 tonight.

Man Waives Hearing On Bad Check Charge

Paul Phillips Jr. of Canfield R. D. 2 waived a preliminary hearing and pleaded not guilty when he appeared today before Municipal Judge Samuel M. Chertoff on a charge he issued a $150 check to a city auto agency without having sufficient funds on deposit at the bank on which it was drawn.

Judge Chertoff ordered Phillips held to the Grand Jury, continuing the $1,000 bond on which he has been free since June.

The charge against Phillips was filed by Jack W. Young, sales manager of the East Liverpool Central Service Co., alleging that Phillips gave the agency a $150 check on March 23 but did not have sufficient funds on deposit at the Boardman office of the Mahoning National Bank of Youngstown, on which the check was drawn.

Hurricane

(Continued from Page One)

ou. Wives of the two men and another youth were missing.

A mountainous wave came rolling in, Robert said, as his family huddled in the attic of his home.

"We all started trying to get on the roof," the youth related. "I managed to get up there. The wind was blowing really hard then, and I tried to reach down and help two of the children up. But something seemed to pull them away from me."

Deaths charged to the hurricane included five Wednesday in Kansas. A family of four perished in a car washed off a road near Waverly and another victim in a car swept off a causeway at Fort Scott.

Tornadoes generated before and after Carla's center surged inland with winds up to 175 miles per hour took six lives in Galveston and five others at two points in Louisiana. Still others died from touching power lines snapped at the hurricane's height.

Sightseers flocked toward Galveston after ebbing waters uncovered a causeway.

To keep curious spectators from interfering with the giant rehabilitation job ahead, Texas Gov. Price Daniel ordered the National Guard to put roadblocks at the Galveston county line. He said local authorities agreed that non-essential travel was interfering with the return of refugees.

The port of Houston, closed since Carla started drawing near, was expected to reopen today. About 30 ships are anchored at Bolivar Roads outside Galveston waiting to come in.

While part of an estimated half million people fleeing before the storm were able to get back home there were still thousands of refugees at inland points.

There were no ready estimates of how long it would take to restore electricity, water and sanitary systems so the evacuees could return to dozens of smaller towns, some still partly under water.

Merger Plan Is Clarified

With Pennsylvania's new school merger bill signed into law, Supt. Ralph H. Jewell of Midland said any merger of Midland area school districts would depend on action of the Beaver County Board of Education.

Gov. Lawrence signed the bill Tuesday, which requires school districts to merge into larger and more economical units of 4,000 pupils each by 1965.

Jewell said it is up to the county board to create a plan by Jan. 1, 1963, with approval of the respective boards.

He said the State Council of Education has until July 1, 1965, to approve the new districts, giving it about 2½ years to handle the many problems expected.

Midland Council and the Western Beaver County Board of Education of Industry Borough and Ohio Township went on record this summer opposing the merger legislation.

The reorganization bill was the key legislation dealing with education to pass the 1961 legislature. Gov. Lawrence termed it "one of the most important steps which must be made to improve the state's school system."

Under the bill's provisions, the state's 2,300 present districts woul be lumped into 600 or 650 districts with a minimum of 4,000 pupils each.

The bill contains an escape clause which permits districts to exist with only 2,500 pupils in special cases. A district with less than 4,000 would require approval of the state council.

Philadelphia is exempt as are 23 seventh and eighth class counties where sparsely populated areas pose a problem of transportation.

4 New Issues Due For Vote

Four more propositions have been filed or are expected, boosting to 38 the number of special questions and issues on which Columbiana County subdivisions will vote at the Nov. 7 general election, Frank R. O'Hanlon, Election Board clerk, said today.

Wellsville has filed a resolution asking a vote on renewal of a 1-mill levy to provide funds for police department salaries. Scheduled to be effective for five years, the levy would require a 50 per cent affirmative vote for approval.

The resolution requesting the vote was enacted by Wellsville Council Sept. 5. It provides funds equivalent to the salaries of two and a half policemen.

Meanwhile, Washingtonville village officials advised the board they expect to file resolutions asking a vote on three new levies.

There will be two 2-mill propositions, one for current expenses and the other for fire protection, and a 1-mill levy for street lighting expenses. All would be in effect five years. Each of the propositions requires a 50 per cent affirmative vote for approval, O'Hanlon said.

Jay Blanks Braves For 20th; M-Boys' Hopes Dampened

Bucs Throw LA 5½ Behind

By MIKE RATHET
Associated Press Sports Writer

Joey Jay, 26-year-old Cincinnati Reds' right-hander discarded by Milwaukee after the 1960 season, became this year's first 20-game winner in the National League Wednesday night by beating his former Braves' teammates 1-0 with a four-hitter.

He also scored the game's only run in the fifth inning.

The Pittsburgh Pirates, with reliever Harvey Haddix pitching two-hit ball over the final eight innings beat second-place Los Angeles 8-2 and dropped the Dodgers 5½ games back of the league-leading Reds. Any combination of nine Cincinnati victories and-or Los Angeles defeats will give the Reds the NL flag.

San Francisco's Giants moved into a tie for third place with the Braves by defeating last-place Philadelphia 8-2. The Chicago-St. Louis game was rained out.

Jay (20-9), first Cincinnati hurler to enter the 20-game circle since Ewell Blackwell won 22 in 1947, completely handcuffed the team that signed him for $20,000 in 1953 and traded him to the Reds last winter. Jay scored the Reds' run on a two-out single to center by Vada Pinson. Carl Willey (5-11) was the loser.

Bill Mazeroski's second homer, with one on against reliever Dick Farrell (8-7) snapped a 2-2 tie in the eighth inning and sent the Dodgers crashing to their fifth loss in six games. Dick Stuart also homered for the Pirates, his 30th. Haddix (9-6) came in when Bob Friend retired due to a stiff shoulder after giving up two runs in the first.

Rookie right-hander Jim Duffalo (4-0), recalled from Tacoma Monday, practically got the job done for the Giants singlehandedly in his first major league start. He limited the Phils to six hits and drove in four runs—three with his first big league homer. Dallas Green (2-4) took the loss.

Yanks In Twin Bill Today

By The Associated Press

Rain forced the New York Yankees-Chicago White Sox game to be postponed Wednesday night and rescheduled as a doubleheader today. Both Roger Maris and Mickey Mantle figure the postponement hurts their chances of breaking Babe Ruth's home run record.

"Somehow I've never done too well in doubleheaders," said Maris, the leader with 56 home runs and a three-game edge over Ruth record 60 pace of 1927.

"I'd rather play them one game at a time," said Mantle, three games behind the Bambino with 53 homers.

Despite this there'll likely be a doubleheader sometime today. The White Sox have set the starting time at 2:30 p.m. Daylight Savings Time but will take the whole day to complete the twin bill if necessary. In the event of a further postponement, there is an open date Monday which may be used.

While the Yanks were idled, the second-place Detroit Tigers took the opportunity to reduce the American League leaders margin to 11 games by blanking the Kansas City A's 8-0 behind Jim Bunning's five-hit pitching and home runs by Rocky Colavito and Norm Cash.

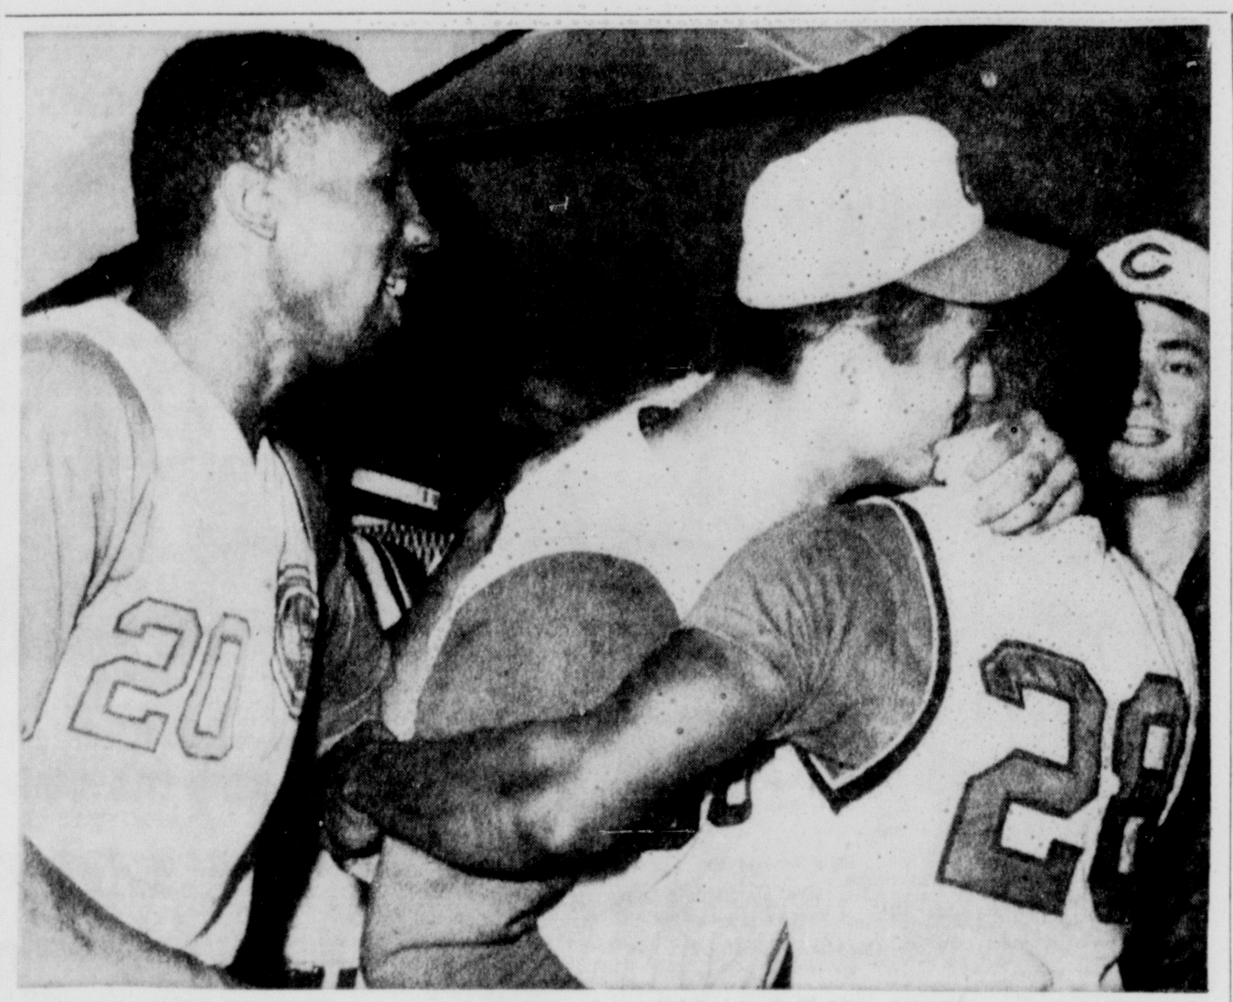
The Cleveland Indians snapped a six-game losing streak by beating Baltimore 5-0 on Gary Bell's four-hitter, and Washington beat Boston 4-2. A twi-night doubleheader between Los Angeles and Minnesota was postponed.

Maris and Mantle each got to bat once before the all-day rain finally made the field unplayable in the third with the Yankees leading 2-1. Maris singled to center and Mantle fouled out to the catcher in the first inning.

The postponement left the Yanks' magic number at seven.

The Tigers jumped off to a 4-0 lead against A's starter Jim Archer (8-13) in the first four innings, then put it away with a four-run fifth as Colavito smacked his 42nd homer with two on and Cash followed with his 35th.

Area Gridders Come Out For Round 2



JOEY JAY JOINED THE RANKS of 20 game winners Wednesday night when the Reds defeated the Braves, 1-0. Vada Pinson who singled in Jay for the lone tally is taken by surprise in the Cincinnati clubhouse after the game when Joe embraced the centerfielder. (UPI Telephoto)

Newell Meets Raiders Tonight; ELHS Idle Until Sept. 22

District high school teams will come out of their corners for the second round of the local football season beginning tonight, with one game on tap.

New Cumberland's visit to Newell will touch off the weekend of football, which shows an 11-game card facing district gridders.

Friday is the heaviest, as usual, with eight games scheduled, while the weekend winds up with two contests on Saturday.

The New Cumberland - Newell tilt, which will start at 8, will be a battle for grid supremacy in Hancock County.

Coach Pete Horoszko's squad dropped a 32-12 opener to Follansbee St. Anthony, while John Kuzio's Blue Raiders were on the short end of a 6-0 count to Northwestern.

Newell will be out for revenge. New Cumberland had little trouble disposing of the Vikings last season, 26-6.

The brightest spot in Newell's opener was the running of halfback Ed Weirsbecki, who scored both touchdowns for the Green and White.

—:—

TURNING to Friday's card, the East Liverpool Potters take the night off and won't return to the gridiron until Sept. 22 when Steubenville Central invades Patterson Field.

Coach Ken Woods sends his Wellsville Tigers after their first victory at Lisbon. Wellsville was dealt a 20-6 setback by Freedom last Friday.

The Tigers will be depending on the running of big John Euill and the running and passing of their nifty quarterback, Roger Ours.

Lisbon is termed dangerous. Bud Bucher's eleven surprised Carrollton last week by posting an 18-6 victory.

In the immediate area, the big contest is at Chester, where the Panthers take on Beaver Local. Jack O'Rourke's Beavers, striving to become one of the top teams in the district, this year, came out of their opener with a tie against an improved Leetonia eleven.

Chester is still hampered by injuries, but this week saw halfback Chuck Mullen returning to practice. Amedeo is depending on Mullen to give the Panthers that extra offensive thrust.

Kickoff at City Park is set for 8 p. m.

—:—

MIDLAND, working hard on its defenses which were down in a 37-20 loss to Ellwood City, is preparing to face Canon-McMillan at home Friday night. Canon-McMillan ran roughshod over Monaca last Friday, 32-0.

Coach Charlie Polce did see his team display a well - balanced offense, with Steve Trbovich supplying an accurate arm for an air attack. Trbovich and halfback Gary Perkins clicked for two touchdown passes in the Ellwood game.

East Palestine, successful in its opener with Canfield, meets an out-of-state foe in Beaver at East Palestine.

Leetonia, with Paul Conrad & Co., will be looking for win No. 1 at Rootstown tonight. Conrad scored both TD's in the opener when Leetonia played Beaver Local to a 14-14 tie.

Columbiana, the only team in the area that didn't play last week, launches its campaign at home against McDonald.

The South Side Rams, off to a good start with a 13-12 victory over Nashannock, play before the home crowd for the first time Friday when Avella travels to the Hookstown school.

Salem goes after its second straight at home against Youngstown North.

Two games Saturday show United at Crestview and Stanton Local seeking its second victory at Mt. Pleasant.

Ohio Golfer Is Favored In Amateur

By JACK STEVENSON
Associated Press Sports Writer

PEBBLE BEACH, Calif. (AP)—Collegiate champion Jack Nicklaus, with a "road map" he hopes will guide him to his second National Amateur title, had belted his way into the favorite's position today.

He and Joe Carr of Dublin have proved the stars of a field now reduced to 16 players with only four to remain by nightfall.

Ex-champs Harvie Ward and Charlie Coe and colorful Billy Joe Patton were among the upset victims Wednesday as the standout amateurs played two rounds. Carr was the only survivor of the ten starting foreigners.

After Nicklaus, 21, the Ohio State University ace, beat big Dave Smith of Gastonia, N.C., 2 and 1 in Wednesday's fourth round with a 4-under-par effort, he declared he has been having trouble judging distances on the 6,747-yard Pebble Beach course.

So he refers to diagrams and yardages he has noted on an expanded scorecard and carries in his right hip pocket.

Three-time British champion Carr, 39, a dress manufacturer, eliminated little Sam Marsh of Greenville, S.C., 2 and 1.

For today's fifth round, Nicklaus drew New York veteran Johnny Humm while Carr faced Chuck Courtney, 20, captain of the San Diego State College team. Courtney beat Walker cupper Dr. Frank Taylor 2-up in their fourth round meeting.

Today's opening matches, in addition to those featuring Nicklaus and Carr, are:

Ed Hopkins, Abilene, Tex., vs. Dud Wysong Jr., McKinney, Tex.; Dick Sikes, Springdale, Ark., vs. Richard Norville, Oklahoma City; Gene Francis, East Williston, N.Y., vs. Frank Hoover, Bakersfield, Calif.; Sam Carmichael, Martinsville, Ind., vs. Ken Finke, Tucson, Ariz.; Sonny Methvin, Little Rock, vs. Dick Hanen, Coos Bay, Ore., and Charlie Smith, Gastonia, N.C., vs. Marvin Olshan, Harrison, N.Y.

Francis, 23, a former Purdue star, eliminated two-time champion Coe. Ward, of San Francisco, national champ in 1955-56, fell before Wysong, 22, 4 and 3. The Texan then beat Britain's Ronnie Shade 3 and 2.

Sikes, 20, captain of the University or Arkansas team, beat Patton 4 and 2.

61 Homers In 162 Games New Record, Cronin Says

By JOE REICHLER
Associated Press Sports Writer

CHICAGO (AP) — American League president Joe Cronin said today if New York's Roger Maris or Mickey Mantle hit 61 home runs in the regulation 162-game schedule, it must be regarded as a new record.

Rain prevented Mantle and Maris from continuing their bid Wednesday night to move up on Babe Ruth's 34-year-old record of 60 homers in one season.

Maris has hit 56 in the Yankee's 146 games (including a tie), and Mantle has 53.

Roger is three games ahead of Ruth's pace and Mantle is three behind.

A getaway doubleheader between the Yankees and the Chicago White Sox was scheduled for this afternoon.

Cronin said he did not wish to become involved in any dispute with Ford Frick.

At the same time, he added, he could see no logic in the commissioner's ruling which specifies that Ruth's 60 homers in 1927 must be topped in 154 decisions to count as a new standard.

"After all, Ruth hit his 60 in 151 games," said Hall of Famer Cronin, a contemporary of Ruth when he was the star shortstop and manager of the Washington Senators in the early 1930s.

"Therefore, if a person wants to be technical he can say the record counts only if either Maris or Mantle hit 61 homers in as many games as Ruth did.

"I respect the commissioner's feelings about the matter, but as far as I'm concerned, it will be a record if either or both do it in 162 games."

Jockey 'Fair' Following Spill At Waterford Park

A jockey was injured, two more rulings were handed down suspending two riders for five days and jockey Francisco Saumell has left Waterford Park.

Jockey Thomas Ryan was thrown from his mount Silent John in Wednesday's third race at Waterford Park and taken to City Hospital, where he was listed in "fair" condition today. Ryan suffered severe bruises.

Waterford Park stewards slapped five-day suspensions on jockeys Ray Cooper and Roy Cave for rough riding. Cooper was cited for his ride in the same race in which Ryan was thrown from his mount. Cooper's mount Polaco which won the race was disqualified.

Saumell, the leading jockey at Waterford Park with 74 wins, was not given a suspension or referred to the West Virginia Racing Commission but was requested to leave the track.

A 2-2 combination clicked for a $15.50 daily double payoff. Midway Point captured the opening event and returned $4, $3.20 and $2.20 while Marbern paid $5.40, $3.40 and $3 as winner of the second race.

Patterson Given To March 13 For Defense Of Title

PITTSBURGH (AP) — Floyd Patterson must fight a top challenger within six months or lose his heavyweight boxing crown.

This choice was handed Patterson Wednesday in a letter from Paul G. Sullivan of Pittsburgh, chairman of the National Boxing Association's world championship committee.

Patterson was given until March 13, 1962, to defend his title against the No. 1 NBA challenger. That's the anniversary of Patterson's fight against Ingemar Johansson, the champ's last title match.

Under NBA rules, the heavyweight titleholder has a year to defend his title.

The current top NBA heavyweight challenger is Henry Cooper of England.

Patterson is scheduled to take on Tom McNeely of Boston sometime in November. McNeely is not considered a prime contender by the NBA.

Nonpareil To Sponsor EL-Tiger Reserve Tilt

The Blue and White Nonpareil Club will sponsor the reserve football game between the East Liverpool reserves and the Wellsville jayvees Saturday night at 7:45 at Patterson Field.

Admission will be 50 cents for adults and 25 cents for students. Coach Bob Hedmond expects to use an all sophomore team, playing different defensive and offensive units.

The Blue and White Nonpareil Club is selling sidewalk flags to be flown during the East Liverpool High School football season, city merchants were reminded today.

The blue and white flags are $10, and the deal includes a pole, string and gold top for the standard.

Merchants wishing to purchase flags are to contact Russell E. Hall, club president.

Georgia Tech has had only three football coaches since 1904. They are John W. Heisman (1904-19), Bill Alexander (1920-44) and Bobby Dodd (1945-present).

The University of North Dakota has not enjoyed an undefeated, untied season since 1909 when the Soux won five straight games and outscored the opposition 104-0.

Eight new field deputies have been hired by Hancock County Assessor Anthony Leon to work with his regular staff in making the 1962 property appraisal.

The appointees include Samuel Lako of Chester and Nelson Ross, Melvin DeVecchis, Robert Trice, Albert Magrini, John Stumpo, Jack Hirkle and Nick Gialluco, all of Weirton.

Leon said the additional field deputies are needed because of a change in the law by the State Legislature, making the assessment program start on Jan. 1 rather than at the beginning of the fiscal year July 1.

The department now is doing double work, handling both the 1961 and 1962 tax books, Leon said.

Tax statements for the 1961 year will be mailed by next April.

School Library Will Provide 200 Books On Science

The East Liverpool High School library now is a member of the traveling high school science library program, one of approximately 1,000 secondary schools selected for participation in the experimental project.

Mrs. Erla Betts, librarian, explained the library will have an up-to-date science collection of 200 books to stimulate the choice of a scientific career by students, develop the interest of high school students in reading scientific books and offer science and mathematics teachers an opportunity for collateral reading.

The books will include biographies, anthologies, histories of science, general works, books on specific subjects and some textbooks. The textbooks are included because there are no general books covering the same subject matter, Mrs. Betts explained.

The books were not written especially for young people but were selected for the academically-talented high school student.

The experimental program has been undertaken at the request of the National Science Foundation and is financed by a federal appropriation. Started in 1955-56 with 66 schools enrolled, it has been expaned to coverage in all states and schools for dependents of American citizens in foreign countries.

The admiral told Hays he would furnish him with a copy of the report. He also said the Army Corps of Engineers is the federal agency primarily responsible for the enforcement of the laws concerning the deposit of oil and refuse in the navigable waters and suggested it be contacted for additional information in the case.

German Reds Hold 2 U.S. Youths In Berlin

BERLIN (AP)—Two American youths touring Europe are being held by Communist authorities on charges of trying to smuggle an East German woman into West Berlin.

The two, Victor S. Pankey and Gilbert P. Ferrey, both 20, of Tustin, Calif., were accused of hiding the woman in the luggage compartment of a small German car while visiting East Berlin.

The East German Interior Ministry—quoted by the ADN news agency—said they were picked up at the Friedrichstrasse checkpoint, the only one open for foreigners in the divided city.

The ministry said they will be handed over to Communist courts after investigations are completed.

By MARIE TORRE

Kennedy-TV Romance Wanes

The romance between President Kennedy and television appears to have dissolved to a nodding acquaintance. In short time, we might add.

Marie Torre

The President easily was the most ubiquitous figure on home screens back in January and February, when he seemed grateful for all TV favors. He accepted, that is, more television invitations than he rejected, conducted live press conferences on TV, once summoned the producer of a news special he particularly wanted to express his thanks to, and he talked about finding a vehicle comparable to President Roosevelt's "Fireside Chats."

-:-

"IN THOSE DAYS," says NBC White House correspondent Ray Scherer, "you hardly could turn on the set without seeing the President. He was praised for his efforts to communicate with the people directly.

"Now it's the opposite. Something's happened. Some say the President may have had second thoughts about overexposure on TV, but frankly how could a President of the United States be overexposed?

"My own feeling is that he's so overwhelmed with the problems of his office he just doesn't have time to play the TV game. Besides, there's no law that says a President has to go on television all the time."

-:-

THE PRESIDENT'S diminishing interest in television apparently extends to White House viewing. It had been his practice to solicit opinions from members of his staff the morning after every Kennedy news special.

One morning, according to a 5-month-old dispatch, a staff member said he had missed the show, and President Kennedy reportedly "hit the ceiling."

Assistant Press Secretary Andrew Hatcher denies that such observance of television exists at the White House today. Why, in recent months, the President hasn't seen many of the programs dealing with his administration, which is information we learned from Hatcher when we asked for President Kennedy's reaction to NBC's attempts to be his Boswell in the irregularly scheduled "JFK Report." (The 10th "Report" will be along on Sept. 28.).

-:-

"THE PRESIDENT," said Hatcher, "hasn't seen too many of the 'Reports,' though I know he saw the first two and thought they were fine.

"This started as a series of spectaculars—the first two were, anyway—but it became more of a news show during President Kennedy's European visit. He didn't see them, largely because he was busy making the news."

Hatcher concurs with Ray Scherer on the "time" reasons for President Kennedy's inability to accept television invitations ("NBC," said Hatcher, "has been almost persistent about a Dec. 10 program, which will be a general review of the congressional session. He still hasn't decided about that.")

-:-

WHEN THE PRESIDENT does have time to sit through a JFK special, he is, in Hatcher's words, "a good critic." If he should be unhappy with the presentation of the presidential viewpoint, he refrains from the public airings for which one of his Democratic predecessors was famous.

"If the President should feel displeased, he lets us know," said Hatcher, meaning by "us" the White House staff. "We don't want to send any producer to the woodshed, but we try to find out discreetly what went wrong."

Meanwhile, the only television matter of present concern to the White House is how to improve the President's press conferences and addresses.

"You may remember, during his message on Berlin," said Hatcher, "that the President wiped his brow because the room was so hot. I assure you, the room never will be that temperature again."

Floods Rage In Missouri

By The Associated Press

Heavy rains triggered by dying Hurricane Carla sent smaller streams on record rampages in the Lower Missouri River Valley Wednesday.

Six deaths were attributed directly or indirectly to the sudden torrent of flood water.

Thousands were driven from their homes and damage was widespread. The main damage was along the Blue River as it cuts across the residential suburbs south and east of Kansas City and through an area of close-packed industries between Kansas City and Independence, Mo.

The dying storm continued to touch off drenching rains over the Upper Midwest from the Middle Mississippi northward to Michigan and westward to the Eastern Dakotas.

Except for some cloudiness in the Central Plains and the Northern Pacific Coast, the rest of the country had mostly fair weather.

Nighttime temperatures dropped into the cool 30s and 40s across the North Central Border states and ranged to the 60s and 70s elsewhere, but some 50 and 60 degree readings in the Northeast and along the Pacific Coast.

Work Begins On New Store

Digging of footers Wednesday marked the beginning of construction of a new supermarket in Wellsville on the old mill site off Wells Ave.

Daniel Mason of Dover, co-owner and general manager of Mason's Foodliner there, said George Bagella of Salem, a general contractor, has been hired to construct the building.

The project should be completed in about three months, Mason said.

The building will be of concrete block with a brick front, measuring 90-x-135 feet. There will be parking space for about 300 cars.

He said it will be known as Mason's Supermarket. It will be a self-service operation.

The new building also will house a bakery to be operated in conjunction with the market. James Litty is in charge of the bakery. He also operates the bakery at the Dover store.

Mason said the entire project will be pushed now that all legal requirements have been met and the contractor hired.

Safety Unit To Meet

LISBON — The Columbiana County Traffic Safety Committee will meet Wednesday at 7:30 p.m. in village hall. Fall projects will be discussed. Thomas J. Williams, president, will preside.

Fire Auxiliary Plans Card Party Monday

A public card party will be sponsored by the Ohio Township volunteer fire department auxiliary Monday night at 8 in the firehall. Mrs. John Dawson, ways and means chairman, is in charge.

Pinochle, bridge and 500 will be in play. Table prizes and refreshments will be featured. Proceeds will go toward the fire truck fund.

The unit will also sponsor a country-style chicken dinner Wednesday, Oct. 4, from 4 to 8 p.m. in the firehall. Mrs. Dawson is general chairman and Mrs. Marcus Crovisky is in charge of the kitchen committee.

The ways and means committee met Tuesday afternoon in the fire hall and completed plans for the projects.

The auxiliary will meet tonight at 7:30. A demonstration party will be presented for the program. Members are reminded to bring a $1 gift for the card party.

Knights Of Columbus Group Will Mark 'Constitution Day'

Cardinal Mercier General Assembly, Fourth Degree Knights of Columbus, will hold its annual Constitution Day observance with a buffet dinner for members, their wives and friends Thursday, Sept. 21, at 8 p. m. at the K. of C. Home on Lincoln Ave.

The principal speaker will be Paul R. Sullivan, a member of Msgr. Graham General Assembly at Canton. John LaScola of Wellsville, faithful navigator, will preside.

The dinner marks the 174th anniversary of the adoption of the U. S. Constitution by the Constitutional Convention. It also marks the beginning of the assembly's 1961-62 season.

The committee is comprised of John E. Johnston, Frank R. O'Hanlon, L. W. Smith, W. E. McCormack and Charles McBride, all of East Liverpool, and A. J. DiCello and George Prokop of Wellsville.

Tentative plans also have been made for other events in 1961-62.

October's session probably will be marked by a visitation to district churches. In November, there will be a Memorial Mass and communion breakfast.

In January, officers will renew their obligations. February will be marked by the annual Lincoln-Washington Birthday coverdish dinner.

An Eastern Ohio District degree exemplification is planned May 6 at Youngstown. June will be marked by the annual election and dinner.

Committees for the year have been named by LaScola.

Ann Landers
ANSWERS YOUR PROBLEMS

Dear Ann Landers: Our daughter will be going away to college soon and I know only too well that the next step is marriage. What worries me is how will she be able to manage a home of her own when she can't fry an egg, much less put a meal together?

Before you jump down my throat, let me tell you that I've tried to teach her but she's never shown any interest in learning how to sew on a button or prepare a roast.

In this day and age there's a lot of teen-age activity — early dating, parties, swimming, skating, TV—and naturally, every girl must have her own telephone. You'll have to admit, Ann, that teen-agers are different today than when you and I grew up.

How can we teach a daughter to be a homemaker when she won't stay home long enough to learn?—OLD SCHOOL.

—:—

Dear Old School: Teen-agers ARE different than when we grew up — but so are parents. They are at home less, they are occupied with outside interests, they are often too permissive (and sometimes downright collapsible under pressure).

There are 24 hours in every day. If you've allowed your daughter to spend all her time entertaining herself, then you must accept the blame for her deficiencies.

Of course a 12-year-old would rather munch popcorn in front of a TV set than peel potatoes or set a table. But, as her mother, you should have insisted that she give you a hand with the cleaning and cooking and ironing — not because you needed her help but because SHE needed to learn the domestic skills.

Office Looters

Dear Ann: I hate a stool pigeon and I refuse to be one but I no longer can sit silently by and ignore a sickening and vicious practice which has been going on under my nose for much too long.

I work in a fine office. The building is beautiful and the working conditions are first rate. It's a great organization and the employes are treated extremely well by management.

Yet I see people walk out of here with typewriters, adding machines, photographic equipment—and table lamps and potted plants from the reception room. They carry off framed paintings, hatracks and just about anything that isn't nailed down.

Is there something I can do about this sort of turning in the names of the stealers? This I refuse to do.—I. C. PLENTY.

-:-

Dear I. C. Plenty: Yes. You can write a signed letter to the management, detailing your shift and department and suggest that they post deputized guards at the exits. In this way employes can be stopped if they try to walk out with company property.

A Trip Or A Lift?

Dear Ann: A woman in our crowd took a trip to Europe (she said) and was away for two months. She came back looking 15 years younger. She said she had the most marvelous rest of her life. I'm sure she had her face lifted.

I've spent too many summers (and winters) in the sun and have many unwanted wrinkles. I've flirted with the idea of having plastic surgery but until now I was afraid of the results.

Shall I ask her who did it or would she be insulted?—N.

-:-

Dear N.: Ask her — but make certain no one else is present.

Confidentially

TO SUSPICIOUS BEN: Me, too. She's trying to get on your good side, all right — the side with the wallet. Stop bragging about how "well off" you are and this may help to discourage future gold diggers.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Police Find 'Hit-Skip' Victim Was Attacked

CLEVELAND (AP)—Robert M. Gregory, 32, of Warren, originally thought to be a hit-skip traffic victim, told Geauga County authorities from his hospital bed Wednesday that he had been beaten by two attackers.

Gregory was injured Saturday in Chardon an hour after being released from Geauga county jail on $100 bond. He had been arrested for passing a $20 check subsequently returned for insufficient funds.

Peace Group Set To Defy London Curb Upon Rally

LONDON (AP) — Followers of philosopher Bertrand Russell announced today they will defy a police ban and go ahead Sunday with a giant rally to denounce nuclear weapons.

The prospects were that the organizers will land in jail alongside the 89-year-old philospher and 32 of his backers, doing time for breach of the peace.

In a rare order for Britain, where free speech is traditional, police Wednesday banned the antibomb "Committee of 100" from any activities Sunday in a mile square area of London.

The citadel of London's soap box orators, a corner of Hyde Park, was left outside the restricted zone. So was the Soviet Embassy, where there have been antibomb demonstrations.

But Home Secretary Richard A. Butler signed an order banning the demonstrators from Trafalgar Square where the U.S. Embassy stands, Piccadilly Circus and Buckingham Palace.

Police apparently feared the rally could touch off riots between marchers and pro-bomb elements.

Lima Driver, 28, Dies In Two-Car Collision

LIMA, Ohio (AP)—Robert E. Keith, 28, of Lima was killed Wednesday night when his car collided with another on a county road about four miles north of here.

The driver of the other car, Frank G. Campbell, 16, was not hurt; but a passenger in his car, Robert Lee Roetlisberter, 15, was taken to St. Rita's Hospital.

Pep Club At Chester High Picks Officers

The Pep Club of Chester High School elected officers Wednesday, naming Patti Taylor president.

Others are Grayce Pinney, vice president; Saundra Burns, secretary, and Connie Newlen, treasurer. Plans were made to decorate the football field for Friday night's game with Beaver Local High School.

Next meeting is Tuesday.

President Signs 3 Bills Aimed At Organized Crime

WASHINGTON (AP) — President Kennedy signed into law Wednesday three bills to help combat the underworld's gambling and racketeering enterprises.

His brother, Atty. Gen. Robert F. Kennedy, who had asked for the measures to bolster his declared war on organized crime, watched as the President affixed his signature to the tough new laws which:

1. Make it a felony punishable by five years in prison and $10,000 fine to cross a state line or to use the mails or other interstate commerce facilities in gambling, liquor, prostitution and narcotics rackets.

2. Forbid the interstate smuggling of gambling paraphernalia, with penalties up to five years in prison and $10,000 fine for violations.

3. Outlaw the interstate transmission by wire of bets and of racing or other information vital to bookmakers in their gambling operations. This aims a blow at the now mostly clandestine but legal race wries. The new law carries penalties up to two years in prison and $10,000 fine.

COLUMBUS, Ohio (AP) — Edward W. Scripps II, national president of Sigma Delta Chi, will speak Friday at the fall meeting of the Central Ohio professional chapter of the national journalistic society.

Vaccine Proves Successful For Curbing Measles

PHILADELPHIA (AP)—A measles vaccine has been successfully tested in field trials among 605 children in the Philadelphia area.

Children's Hospital said today research on the vaccine "suggests that the 200-year search for a method of immunization against measles is now over."

The vaccine still must be approved by the U.S. government. If accepted, it might go on sale sometime next year, says the drug firm which plans to market it, Merck, Sharp & Dohme Laboratories.

A team of clinical investigators from Children's Hospital and the University of Pennsylvania reported on the vaccine, developed by Dr. John F. Enders of Boston and his colleagues, in today's issue of the New England Journal of Medicine.

They said it has given 100 per cent protection from measles in children during epidemics in recent months in a controlled field trial.

Half of the children in the field trial were injected with attenuated measles vaccine of the Enders type concurrently with human gamma globulin, the report said.

A large percentage of children in the trial who did not receive this type of immunization caught the measles.

A primary question which remains to be answered is the most desirable balance between the amount of standardized gamma globulin and virus in the vaccine, said Dr. Maurice R. Hilleman, a member of the research team.

Trucker, 31, Killed

HAMILTON, Ohio (AP)—Joseph Hefflinger, 31, of near Mason was killed when his truck overturned 10 miles east of here Wednesday night.

Beaver Public School Pupils Take Conversational French

The Aplomb of some Beaver Local school district fathers is being shattered these days by bright - faced moppets greeting them at the door with a hearty, "Bon Jour, Papa!"

About 600 youngsters at the Public School near Williamsport are enrolled in a conversational French course for elementary students — the first in this district.

Mrs. Patty Suarez of Pleasant Heights, former French instructor at Beaver Local High School, is teaching the course offered once a week in a 40-minute period to the majority of the pupils.

Some students in the seventh and eighth grades attend the class twice a week, George VanHorne, executive head, reports.

Mrs. Suarez, a 1958 graduate of Fairmont State College in West Virginia, explains simple French phrases, such as the words for hello or how are you.

The conversation classes on this level give children the sound of the language in familiar usage which is quickly learned by youngsters and provides a better groundwork for future study.

The pupils are to select French names for themselves for use in classes, and will soon be spouting Gallic phrases en masse.

Will Mama and Papa wonder what Jacques is saying? "Oui."

Will the adult education courses at Beaver Local include French this fall, in possible response to parental demands? "Peut-etre," (perhaps) answers Lee Kirkland, high school principal, if the enrollment is sufficient.

Meanwhile, back at l'ecole (school), the kids are talking up a storm and doing "Tres bien, merci."

Small Radios Barred From Use In Schools

YOUNGSTOWN, Ohio (AP) — Youngstown public school pupils with transistor radios must leave them at home from now on because they annoy teachers and other pupils.

Dr. J. Harry Wanamaker, superintendent of schools, issued the order Wednesday after teachers and pupils complained about the small radios.

Traffic Lane Project Set

Ohio Highway Director E. S. Preston has ordered elimination of conflicting traffic lane lines from rural highways, an annoyance to motorists.

Old paint lines, where roads have been widened, are to be burned off, and proper lines painted in, according to the highway department. The order applies to conflicting lines only, not to old parallel center and edgelines.

The move is designed to eliminate confusion for motorists who might be misdirected by the obsolete lines.

Division 11 Deputy Director William McKenna had reported the division is continuing investigation of fatal accidents in the seven-county area in line with providing additional traffic protection at the sites of death crashes.

The division has investigated 22 fatal accidents on state roads this year, including five in Columbiana County, and in over half of the crashes it was determined that the cause stemmed from some action of the driver or vehicle that could not have been prevented by any highway feature or safety device.

Where speed was the apparent cause, the department erected warning signs, curve warning indicators or other signals.

PTA To Hear Teacher

HAMMONDSVILLE — Ronald Delaney, a new instructor, will speak at a meeting of the Parent-Teacher Association Monday night at 7:30 in the elementary school. Mrs. Shirley Plunkett is president.

By Taking Necessary Steps Now

Physicist Declares U.S. Could Survive A-War

By taking the necessary measures now, a world-famous nuclear scientist says, the nation can either avoid atomic war or win it if it comes. Dr. Edward Teller believes 90 per cent of the U. S. population could survive the holocaust. This is the first of three articles on the subject.

By ALTON BLAKESLEE
Associated Press Science Writer

NEW YORK (AP)—The date is some dreadful tomorrow.

The holocaust of nuclear war suddenly sweeps the United States.

But 90 per cent of Americans could actually survive, declares Dr. Edward Teller of H-bomb fame.

And in three to four years, they could rebuild desolated industries, cities, schools, homes. Democratic institutions would function again.

Lingering radiation would be a problem, but not insuperable, he says. The human race would not perish. Nor would future generations be destined to be born misshapen monsters.

Dr. Teller is convinced this country and other nations could survive despite the "doomsday" fear which grips and paralyzes millions of people in the face of nuclear war.

Indeed, he regards this attitude and lack of defense as a temptation for a well-prepared nation to launch thermonuclear war.

It is an invitation to panic and wholesale, needless loss of life if bombs ever fall, says the famous physicist of the Lawrence Radiation Laboratory of the University of California.

Three steps could create the defense for insurance against war, or for national survival if it comes Dr. Teller said in an interview challenging many general conceptions:

1. Building shelters against fallout and against the blast and fire from nuclear bombs.

2. Stockpiling surplus food, machinery, machine tools, generators, building materials—the essentials to generate power, start factories, build more machines, transport people and goods, and assure communications.

3. Planning organized efforts to carry people through the terrible early days, and the hard, demanding, cooperative labor to rebuild modern civilization.

It would cost billions of dollars, perhaps an average of $4 billions for some years, Dr. Teller says.

"A first step could be simply to distribute our surplus foods to strategic places throughout the country. This could be done in half a year.

"I believe the Russians will be more likely to attack if we are not prepared."

Dr. Teller warns the time is short.

Soviet resumption of nuclear testing is frightening, he says. For it could mean the Soviets have been testing new weapons secretly underground in the past two or three years, and have decided to make open tests simply to answer some final questions.

The Soviets knew open testing would force or irritate the United States into more testing, and arouse adverse opinion.

But an edge won through secret testing could mean "they are so far ahead in weaponry they don't care what we do."

Dr. Teller says "if we don't prepare, 100 million Americans could die in the first days of an all-out war. Thirty to forty millions more could die from starvation and disease. The United States would cease to exist."

"But I firmly believe 90 per cent of our population could be saved. It means 20 million would die, and this is terrible to contemplate. But why not try to give 90 per cent a decent chance for survival?"

Nuclear war "would be one of the most horrible things imaginable, and everything should be done to prevent it."

But, he adds, he is dismayed by "those who say that a nuclear war necessarily means the end of everything."

"The fear of radiation is much greater than it deserves to be. It is not true that radiation, even from an all-out war, would destroy all forms of life.

"And it is simply not true that if war came, everything is hopeless.

"We can prepare."

Cross Burns At Former Negro School

WEIRTON — Police continued to probe today into the burning of a crudely-constructed cross on a hillside radio tower behind a former all-Negro high school Tuesday night.

A number of residents who saw the cross burning on an old radio tower of the Weirton Steel Co. also told police they heard several gunshots.

Police rushed to the grassy hillside at 8:43 p. m. and found the 12-foot-long cross, covered at the tips with cloth and paper, had burned itself out.

Later, a group of 40 persons hurried to the police station inquiring of the cross burning — symbolic of Ku Klux Klan racial incidents in the South.

Police combed the area but found no clues to the identity of those responsible for the incident. Police had no reports of anyone injured by gunfire.

The radio tower is located behind the former Dunbar High School.

Tobacco Plants Flourish

Put That In Your Pipe

George Stravinsky, Chester pipe smoker, is no admirer of "imported Turkish tobaccos" or exotic blends.

So fond is he of domestic flavor that he has been raising his own tobacco and curing it for over 20 years.

Stravinsky, 65, of 619 Dunn St., retired shearman at the Wheeling Steel Co. at Follansbee, is currently harvesting this year's crop of about 50 plants which will keep him in pipe fuel until next year.

He raises the large-leaved plants, along with tomatoes, corn, beans and other vegetables, on three lots along Georgia Ave.

Stravinsky, who retired a year ago, obtained his first seeds from a fellow steelworker over 20 years ago, and has had his own supply ever since.

A onetime user of commercial blends, he no longer enjoys them, claiming they have too much "bite."

He starts the plants in a hot bed in March or April, setting them out later. The plants are large enough by September to pick and store in his darkened garage near the garden where the leaves hang for about two weeks, turning yellow.

Sprinkled with salt water, the leaves are then packed into a wooden box and pressed, soon turning a familiar dark brown and ready for smoking.

As he needs it, he takes a roll of the leaves, shreds it and fills his tobacco pouch, ready for an enjoyable pipeful.

Stravinsky, a native of Lithuania who has resided in Chester since he was 16, says his crop gives him good smoking, and many of his friends who have sampled it, fully agree. And you can put that in your pipe and smoke it!

Western Ministers Map Berlin Negotiation Plan

U.S. Slates Resumption Of A-Tests

Blast Series May Begin In 10 Days, Congressman Says

WASHINGTON (AP)—The United States is expected to resume underground nuclear testing within a week or 10 days.

This became known today as the Joint Congressional Atomic Committee called a closed session to go over plans for the new American series and to hear a top secret analysis of the nine Soviet blasts since Sept. 1.

Rep. Chet Holifield, D-Calif., chairman of the Senate-House group, told a reporter that Atomic Energy Commission and Defense Department experts are "working night and day" to get the American tests under way.

Holifield said that the experiments will start with a number of underground blasts of relatively low yield.

The joint committee will get its secret briefing from Dr. Glenn T. Seaborg, chairman of the Atomic Energy Commission, and Maj. Gen. F. J. Rodenhauser, representing the Defense Department unit that will handle the military phases of the Nevada test series.

Various explanations have been advanced for the wide range of power yield detected from the nine Soviet blasts. Wednesday's shots were reported by the AEC as being in the low to intermediate range.

In nuclear terminology, low range could mean a force comparable to the American atomic bombs that blasted Hiroshima and Nagasaki. They had the explosive equivalent of 20,000 tons of TNT.

Some shots in the new Soviet series have exceeded the 1-million-ton range. Some scientists have suggested the Soviets are testing trigger devices for a superbomb that Soviet Premier Khrushchev has said he will build with the punch of 100 million tons of TNT.

The United States earlier perfected a variety of 1-million-ton equivalent bombs for delivery by B52 strategic aircraft.

The Public Health Service reversed itself Wednesday night and said there had been a mistake earlier in the day when it reported an abrupt increase in atmospheric radiation detected by its fallout station in Phoenix, Ariz.

A spokesman said the corrected reading for Tuesday was "more comparable to figures earlier in the month." However, the health service stressed that even the mistaken higher reading was not high enough to pose a health threat.

Rusk Opens Washington Conference

Allied Aides Study Strategy For Talks With Soviet Group

By JOHN M. HIGHTOWER

WASHINGTON (AP) — Secretary of State Dean Rusk opens a conference with Western foreign ministers here today to chart the Allied approach to the Soviet Union next week on negotiations for a Berlin settlement.

Rusk and Soviet Foreign Minister Andrei Gromyko are due to attend the fall session of the U.N. General Assembly beginning Tuesday. President Kennedy, disclosing this Wednesday, said their presence in New York will provide opportunity "for serious talks about Germany and other problems if the Soviet side proves willing."

The three-day Western policy conference was scheduled to start at the State Department at mid-afternoon with Rusk, Foreign Secretary Lord Home of Britain and French Foreign Minister Maurice Couve de Murville attending.

Rusk scheduled preliminary talks earlier in the day with West German Foreign Minister Heinrich von Brentano and Lord Home. Von Brentano will join the main conference Friday morning and participate in the sessions which will continue into Saturday.

Three main issues are set for discussion—the problem of Berlin negotiation between the Soviet Union and the Western powers, the planning of emergency measures to meet specific steps the Soviets could take to put pressure on West Berlin and issues which may come up at the United Nations. The third item is understood to include tactics for defeating the Soviet Union's expected bid to give Red China U.N. membership.

Kennedy declared Wednesday in his statement on Berlin that the United States is ready to discuss the Berlin crisis with Moscow and other governments in a search for means "to preserve an honorable peace."

"If that is the purpose on all sides," Kennedy said, "there is no need for resort to force."

Kennedy made his statement in comment on his meeting Tuesday and Wednesday with President Sukarno of Indonesia and President Modibo Keita of Mali, who came here as emissaries from the recent Belgrade conference of 25 nonaligned nations. Sukarno and Keita delivered a conference appeal to Kennedy for direct negotiations to save the world from nuclear war over Berlin. Such an appeal also was presented to Soviet Premier Khrushchev.

Grand Jury's Recall Due In Number Case

Added Session Set After Prosecutor, McElroy Aide Talk

Prosecuting Atty. G. William Brokaw said today in Lisbon the September Grand Jury will be recalled Sept. 21 for a special hearing on the evidence against the Lisbon Sales Book Co., which was raided by Atty. Gen. Mark McElroy and aides Sept. 6 for alleged printing of numbers slips books.

The prosecutor made the announcement after conferring this morning with Asst. Atty. Gen. John W. Gleason, who was sent to Lisbon by the attorney general to confer with the county's chief legal officer.

The prosecutor had allotted time this afternoon to present the attorney general's case against the salesbook company, which McElroy termed the third largest printer of "bug" slips in the nation.

The new arrangement was announced after Gleason's visit. It was the first time anyone from the attorney general's office had been in touch with the prosecutor's office since the widely-publicized raid, Brokaw pointed out.

The Grand Jury is running a little behind schedule in its investigation because several unexpected witnesses turned up Wednesday and asked to testify, Brokaw said.

However, with the salesbook investigation being set aside for today, it is expected the 15-member panel will get back on schedule this afternoon and will report sometime Friday afternoon, Brokaw said.

One new case has been added. The defendant is Herbert McCullough of Pleasant Heights, Lisbon, accused of assault Sept. 6 on Charlesetta Wilson, also of Pleasant Heights, Lisbon.

Friday's schedule calls for the Grand Jury to hear 10 witnesses in four cases, the prosecutor said.

Steeplejack Killed

MONACA — Shortly before Frank Fox, a Brooklyn (N.Y.) steeplejack, was to have gone to lunch Wednesday noon, he fell 381 feet to his death from a smoke stack at the St. Joseph Lead Co. plant. Dr. John W. Colavincenzo, Beaver County coroner, said Mr. Fox was painting the stack about 15 feet from the top when a rope broke on his platform.

9 Used Autos Struck In City Vandal Case

Loss was estimated at $1,000 today after vandals damaged the windshields of eight autos and a window in another in a BB gun attack on an East End used car lot, police said.

The loss occurred at the Arb Motors used car lot, 1340 Pennsylvania Ave., owned by Howard Arb, 1718 Park Ave., officers reported.

Chief Americo J. Radeschi said it was the heaviest loss on record here from BB gun vandalism. Terming the case, "senseless destruction of property," he issued a new warning that parents will be held responsible for damage caused by minors.

The autos may have been damaged by a gun or guns fired from a moving car, as the lot has been under frequent watch to guard against theft of accessories, the chief said. The cars are parked in such a way that the windshields face on Pennsylvania Ave. at a level a little above the sidewalk.

The motor concern reported the damage to police Wednesday. The loss occurred between 6 p. m. Tuesday and 9:30 a. m. Wednesday, the company said.

The gun's pellets damaged the windshields of eight cars ranging from 1955 to 1959 models. In addition, there was damage to a window in the left rear door of a 1958 auto, officers said.

In the last few months, the chief has issued repeated warnings against BB gun vandalism, pointing out that parents can be held responsible for the damage their youngsters inflict.

Royal China Begins Installation Of Jigger

EAST PALESTINE — The Royal China Co., Inc., has started installation of a new floorhead, flatware automatic jigger at the former W. S. George Pottery Co. plant.

The machine arrived Wednesday. It will produce flatware 4 to 8 inches in diameter at the rate of 300 dozen pieces an hour. An automatic drier also is being installed.

The first production is expected from the jigger in about two weeks, according to Fred C. Henderson, vice president.

Chester Area Steelworker Killed By Car

Coroner's Jury To Investigate Death Of Caris Campbell

A coroner's jury will convene tonight to investigate the traffic death of a 59-year-old Chester area man, who was killed late Wednesday afternoon while crossing Route 30, about three miles north of Chester, when struck by a car police said was operated by an elderly Chester motorist.

The inquest into the death of Caris Calvin Campbell of Chester R. D. 1 will be held at 7 at Chester City Hall by the six-man jury composed of Donald Hissam, Harold Dickey, Robert B. Smith, Dean Arnold, Howard Lyons and Paul Clunk.

The jury was sworn in Wednesday night by Squire John D. Herron, acting Hancock County coroner, and viewed the body at the Arner Funeral Chapel in Chester.

Mr. Campbell was pronounced dead on arrival at City Hospital at 5:30 p. m. yesterday, about 45 minutes after he was struck by a car operated by Logan E. Wells, 76, also of R. D. 1.

Wellsville Child, 4 Injured Badly By Car

A 4-year-old Wellsville child remains unconscious at City Hospital today with severe injuries suffered when struck by a car at 10th and Main Sts., Wellsville, shortly before noon Wednesday.

William Cain, 4, son of Mr. and Mrs. William Cain, 1003 Main St., is listed in "poor" condition with numerous injuries. The accident occurred about 11:40 a.m.

The boy was struck by a car driven by Richard H. Gray, 1603 Chester Ave., who was headed on 10th St. towards Main St., according to police.

It is believed the child had been visiting across the street from his home and was returning with a sister for lunch.

The hospital listed his injuries as "multiple fractures," apparently including fractures of the legs and severe head and abdominal injuries.

Police Chief John Hephner is investigating the mishap. MacLean Funeral Home ambulance attendants had to administer oxygen while taking the child to the hospital.

15 Ministers Held

Rockefeller Kin Jailed For Desegregation Try

JACKSON, Miss. (AP)—Mississippi authorities jailed the Rev. Robert L. Pierson—son-in-law of New York Gov. Nelson A. Rockefeller—and 14 other white and Negro Episcopal priests Wednesday following their attempt to desegregate a Jackson bus terminal.

The 15 priests—12 whites and three Negroes — entered the bus terminal's white waiting room. Two patrolmen ordered them out. They refused to move.

Police Capt. J. L. Ray, who has handled most of the more than 300 "Freedom Rider" arrests in this Mississippi capital city was summoned. He ordered the arrest of the priests on breach of peace charges after they again refused to move on.

Trial for the clergymen was set for 3 p.m. today.

The 15 were participating in a "Prayer Pilgrimage" which left New Orleans Tuesday and proceeded without incident until they reached Jackson. Twenty-three white and five Negro Episcopal priests started the pilgrimage.

It was the first arrest for Pierson, 35, of New York City and Evanston, Ill. His wife is Ann Rockefeller, one of the New York governor's five children.

After a meal in jail of cornbread, peas and meat, the minister said that police had been polite and that the treatment was satisfactory.

He said he had no plans to get out of jail but hoped that "churches" around the nation will be concerned enough to come to our help."

"I admire all of them," Rockefeller said in Rochester, N.Y.

"I admire the courage and dedication of these young people to the basic precepts on which this country was founded and their dedication to the cause of making a reality out of these precepts."

Floods Hit Midwest

Death, Destruction Trail In Wide Wake Of 'Carla'

GALVESTON, Tex. (AP) — Fresh details of death and destruction from killer Hurricane Carla unfolded in the ravaged Gulf Coast sector today, and weather violence from the departed storm widened more than 1,000 miles northward into the Midwest.

Bodies of eight persons — all members of the same family—were discovered Wednesday night at inundated Freeport, one of the hardest hit among cities suffering multimillion-dollar losses along 250 miles of Texas and western Louisiana shore line.

The death toll, which could mount still higher, climbed to 31 in three states—21 lives in Texas and five each in Louisiana and Kansas.

Rains up to 8 inches sent flood waters rising in Oklahoma, Kansas, Missouri, Nebraska, Iowa, Illinois and Wisconsin. Flooding continued in South Texas, doused by post-Carla downpours up to nearly 10 inches.

Vicious winds, another hurricane after-effect, smashed at scattered points from Texas' southern tip through Missouri and into Michigan.

As these echoes from the massive tropical storm continued, National Guardsmen, public officials and a horde of refugees trudged through mud and debris on what promised to be a long and wearying struggle back to normalcy in coastal areas.

Public health threats caused widespread concern. Water supplies were contaminated in dozens of towns and cities.

Typhoid shots were being given to tens of thousands returning to devastated areas. At Houston's Municipal Auditorium, still filled with evacuees, doctors found 14 cases of measles.

Officials feared there would be more grim discoveries like that at Freeport, 40 miles from Galveston, where exhausted Robert Dunn, 15, may be the only survivor of a 12-member family group.

The youth saw a giant wave sweep away his parents, an uncle and aunt, and six children. Robert survived by clinging to the roof of his home.

Bodies of the father, R. W. Dunn, 52; Robert's uncle, Joseph J. Drvar, 54, and six children were recovered in a muddy bay-

Freak Crash Claims Columbiana Resident

HODGENVILLE, Ky. (AP) — An Ohio woman died Wednesday night of injuries suffered in a freak traffic accident Sept. 3.

She was Lazonne Thomas, 48, of Columbiana.

The accident occurred about three miles east of here on U.S. 31-E. State police said the car in which Miss Thomas was riding was passing a plumbing contractor's truck when a door-handle on her car snagged a vise on the side of the truck.

This caused the driver to lose control and the auto smashed into a tree, troopers said.

Still patients in a hospital are the dead woman's mother, Mrs. Vida Thomas, 71, and Anna McLaughlin, 37, both of Columbiana.

Mr. and Mrs. Smith and daughter, Cheryl, and son, Dane, were being housed at the armory at Freeport, where he is employed by the Dow Chemical Co. Press reports said residents are returning to their homes.

Kadar Heads Red Hungary

New Premier Hikes Funds For Military

BUDAPEST, Hungary (AP) — Communist party chief Janos Kadar has again taken on the post of premier in a major government shakeup. He quickly announced a boost in Hungary's military spending.

Kadar took over the premiership from Ferenc Muennich, an old revolutionary. They had ridden to power together when the Soviet Union crushed the Hungarian uprising of 1956.

The shakeup, announced on Wednesday by the presidential council, makes Kadar the official government spokesman. His dual role parallels that of Nikita Khrushchev, Soviet premier and party chief.

Kadar, 49, last held the two jobs in 1958, when he relinquished the premiership to Muennich.

Muennich appears ready for semiretirement at the age of 75.

GM Expects Outptut Delay

DETROIT (AP)— Any hope of General Motors Corp. getting back into high-gear production of 1962 model cars before next week is gone.

Five new at-the-plant working agreements were reached overnight, bringing to 53 the number of local-level contract settlements worked out with striking United Auto Workers. But GM's empire is made up of 129 plants.

Some plants where agreements have been reached still are idle. Others lack agreements but are operating. In all, 90-plus were idled by Monday walkouts.

Despite the few agreements, UAW President Walter P. Reuther predicted, "This thing will develop its own momentum."

Reuther and GM Vice President Louis G. Seaton concentrated on keeping local-level negotiations moving, laying aside for the second night in a row any top-level bargaining to resolve outstanding non-economic national issues.

The union and company already have reached agreement on a national package of wages and fringe benefits to be included in a new three-year contract. The union estimates the economic package is worth 12.04 cents an hour in take-home pay.

Crippling strikes by local unions erupted at a 10 a.m. deadline last Monday when there was no overall agreement. They quickly put all GM's auto assembly lines out of business and idled more than 250,000 of the firm's 350,000 production workers.

DiSalle Calls Legislature For Sept. 22

COLUMBUS, Ohio (AP)—Ohio's on-again - off-again 104th General Assembly will be on again Sept. 22.

Gov. Michael V. DiSalle has officially announced that the legislature will meet in special session that day to deal with an appropriation for capital improvements and civil defense. The proposal would provide more than $40 million.

"I think it will take care of present needs," DiSalle said. He added that additional capital improvement money would be sought at the scheduled Nov. 14 legislative session which will consider DiSalle's veto of second year general appropriations to run the state.

The total of the bill facing lawmakers Sept. 22 is about $5 million less than the one defeated on the final day of the regular session last August.

Major items, largely sums unexpended from previous appropriations, include $10 million for the state's share of public school buildings, $11 million for a state office building delayed by court litigation $6.6 million for Bureau of Unemployment Compensation units, $145,000 for a hospital at the Ohio Rehabilitation Center here and $50,000 to rehabilitate various state buildings.

The measure also would boost civil defense from $100,000 to $270,000 for this year. The administration originally sought about $540,000 for a two-year period.

Trying To Prove What?

We think it would be a good idea to heed France's President De Gaulle on the subject of Berlin.

Why, asked the tough-minded Frenchman in a news conference earlier this month, are the Russians stirring up the Berlin question now? What are they trying to prove?

He suspects they are trying to prove that the hand is quicker than the eye; that they are trying to distract attention from one thing by making a fuss over another thing.

This invites the speculation that runs on endlessly about Khrushchev and the Communist Conspiracy.

RUSSIAN COMMUNISTS under Khrushchev may be trying to keep the world from little noting or long remembering evidence that Red China is floundering.

As the rocket-rattling partner of the Sino-Russian axis, the Soviet Union may be flexing its muscles to draw attention away from a weakened fellow conspirator.

Or some political situation inside the Soviet Union may make it desirable for Khrushchev to assert himself vigorously at this time, a month before the convention of the Russian Communist party in mid-October.

This would be easy for Americans to understand. It would be the same bluster their own politicians do so well just before political decisions are made.

Khrushchev, like all top members of the Communist hierarchy, must fight for his survival. Frol Kozlov, secretary of the central committee of the Russian Communist party, is back in attention. At the age of 52, he is the logical successor to Khrushchev and, like many a logical successor, he may be making the man about to be succeeded want to hang on a little longer.

THERE IS ANOTHER possibility.

Unrest in Russia and the satellite countries may have reached such an acute stage it is necessary to exercise the military might they have been building with their austere existence.

It is doubtful that the Berlin crisis and the nuclear tests are manifestations of strength. That is only the illusion they are supposed to create.

It is more probable the Khrushchev regime has been forced to admit weakness, for reasons still not known but which will be, when known, evidence of weakness.

They'll Never Find It There

Attempts to find plausible reasons for the local strikes that hit General Motors on the rebound have been fruitless.

The explanations were looked for in the wrong place.

They were sought under the headings of economics and grievances, unsettled in master contracts. No economic issues were unsettled. No serious grievances were left dangling.

A psychologist would have looked in the right place.

He would have known something besides economic determinism underlies strikes. He would have heard about something in unionism besides issues that can be negotiated in contracts.

Some years ago when John L. Lewis could turn off the labor of his United Mine Workers members like turning off a faucet, he specialized in a Spring strike timed to catch workers in a mood to go fishing and paint houses. What it amounted to was that coal miners were in a mood to lay off work anyway at the end of a hard winter; they enjoyed this springtime demonstration of personal independence.

This does not imply that Walter Reuther winked at United Auto Worker members who stayed off the job after negotiators had reached a settlement. It only suggests that Mr. Reuther's constituents were in a mood to show their personal independence and did so on a grand scale while the economic determinists who have hard, logical answers for everything bit their fingernails in frustration.

It made no sense for auto workers to be striking after agreements had been reached. It made no sense, that is, to anyone except tens of thousands of auto workers, who were in a mood to strike a little before buckling down for what they hope will be a long winter's work.

Student Riots In America

Policemen in many places in America no longer think "student riots" occur only in Europe, Asia and South America.

They have been getting their lumps from the fists, clubs and hurled objects of "students" in communities from Florida to New York. Riots broke out during the Labor Day weekend in several Cape Cod communities, at Hampton Beach, Wildwood, Ocean City, Lake George and elsewhere in the East and at Clermont, a suburb of Indianapolis.

The patterns were the same in every case. Large numbers of student-age youths had congregated for one reason or another. Taking courage from one another and sometimes from alcoholic beverages, they asserted their collective will by doing damage to property, abusing and insulting the populace and tussling with the police.

They did not seem angry — just disorderly. When they had been subdued, they did not seem to be contrite — just resigned. Although identified as students, the category fits them loosely, because there is no proof of anything about their studenthood other than the fact they usually were of student age and dressed like students.

This suggests that not all foreign "students" who mix it up in riots are necessarily studying anything. But more than that, it poses a puzzle for America, which has boasted that its young people were above the kind of student rioting that has plagued the police of other countries. Here, the riots are not in behalf of political causes. There is no intent to overthrow the government. There seems to be no purpose whatever, other than diversion through disorder.

Can the boredom of the young in America really be so deep that the only way to lighten it is to destroy property, frighten law-abiding citizens and fight policemen?

Got Your Number!

The automation bogey can get taxpayers, too.

It would work like this:

An Internal Revenue Service checker with a pencil can do only so much. IRS chiefs tirelessly explain how much more money they could collect with a few more million dollars' worth of employes. But it's like reaching for the moon.

With data processing machines, IRS could automate taxpayers into perfect compliance with revenue laws. The machines would show who wasn't paying taxes, who had forgotten to file a return and whose return was out of line with his previous year's return.

They could do this in less time than it would take a division chief to set up a work schedule for a roomful of pencil sleuths—and infinitely better.

All it would take to get the thing rolling would be a number for every United States taxpayer. Data processing machines are good, but they can't remember names. They need numbers.

Congress is being asked for permission to assign a number to each taxpayer. For most of us, it would be our Social Security number—those who have Social Security accounts with the federal government. It would be simple from there on.

The government would have our numbers. It could press a button and find out whose income tax return was missing and whose return was out of line.

A data processing machine will get you if you don't watch out!

Berlin Never Will Be The Same

One of the curious things about Berlin is that no one wants to think about it though everybody talks about it.

No one wants to admit the city never will be the same.

And no one wants to believe there either will be an alternative to rising tension, an outbreak of war in the wrong place for the wrong reason at the wrong time.

This is because any thought about an alternative stubs its toes on the unyielding fact that the Soviet Union holds the high cards. The alternative—any alternative — would mean a loss of face to the Western Allies.

One alternative would be an arrangement for the United Nations to supplant the West-Berlin and the Soviet Union as the ultimate authority in East Berlin.

The net effect would be to make the city a ward in the growing list of United Nations wards—the Gaza Strip, Korea, Lebanon and the Congo. There would be one more addition to the swelling ranks of U.N. soldiers who have borne arms while wearing the insignia of an international army. One more garrison would be set up in recognition of the harsh fact that men can hate one another so bitterly they must be held away from one another's throats by 24-hour-a-day restraint.

Berlin then would belong to everyone and no one.

If the alternative were war, however, both the Soviet Union and the Western Allies would jump at a chance to internationalize Berlin. The Soviet Union would have nothing to lose, and the Western Allies would rather lose their face than the tenuous peace they are permitted to enjoy between the last Kremlin-provoked crisis and the next one.

Odd Facts

The term "university" originally meant a guild or corporation. There were in medieval times "universities" of bootmakers, weavers, clothiers, etc. Thus, when the "university" of learning was established, it was similar in organization to the guilds. The students filled the role of apprentices, and the teachers were the masters.

The average supermarket shopper of today spends more time roaming about the store than formerly. Today's woman takes an average of 27 minutes to buy her groceries, as against 18 minutes five years ago.

The American turkey vulture is completely dependent on dead animals for its food. The vulture is no longer equipped with talons capable of killing or carrying off its prey.

Today there are millions of grownups who, unlike their fathers in thinking they were too old for studying, are more eager than ever to learn and are burning the midnight oil studying high school and college courses.

The Progeny

Ike Offers Aid For Nixon

By Victor Riesel

GETTYSBURG, Pa. There is an old room here in an old house in which a president of the United States once rested for an hour. An artificial breeze waltzes a curtain in and out of a prop window. A voice rehearses a speech which begins, "Four score and seven. . ." That is recorded history.

Victor Riesel

There is another room in a nearby house where history was made the other Monday—history which has gone unrecorded until now. This latter-day ex-President by name of Dwight D. Eisenhower sat with an old partner, Richard Nixon and heard the younger man outline plans which would lead the visitor once more to a fight for the presidency.

Eisenhower listened. He would not give Nixon any advice, he said. But if he were in Nixon's shoes, he added, he would run for governor of California.

NO ONE who has been in government service, said Ike, and has worked for the public as long as you have, should avoid running if called.

Richard Nixon—as was first predicted in this column—said he planned to run. He would, he added, declare openly, probably on Friday, Sept. 15 or thereabout.

The ex-President said he would be delighted to come and help campaign in California—if Nixon wanted it. Nixon did.

They reminisced. Ike said he would have been happy to have campaigned longer and more intensely the last time had he been called on.

Something was said about TV debates. Mr. Eisenhower always had been opposed to them.

That was on Aug. 28. They agreed to meet in Washington two days later.

THEN MR. NIXON went to Washington and some skull sessions with what the political boys call the "Chowder and Marching Society"—the group of younger congressmen who had worked with the former vice president when first he hit the Hill.

Among them were such men as Rep. Bob Wilson of San Diego and Rep. Bill Ayres of Akron. They urged him to run. The next day, the image was complete. "Dick and Ike" golfed in Washington for all to see.

Between the rehearsal for that hole-in-one and Nixon's departure for New York City, he holed-up with nothing but a telephone.

He telephoned the experts, including some labor people.

To Nixon the past was prelude. He was brought up to date on everything from Latin America to the auto crisis to the last strand of Berlin's barbed wire.

Then he headed for New York.

He settled some private business and set up some national TV hookups. He came to Gotham knowing that his friends still control much of the national political machinery, the national committee chairmanship and the leadership of the Republican Congressional Campaign Committee.

But what of his old dueling partner Nelson Rockefeller?

NIXON WAS TOLD that the "nerve center" of the opposition—somewhere in the three floor complex the pivot of which is the 56th floor of 30 Rockefeller Plaza—had indeed been tingling.

Some of the best men of the old Tom Dewey and Dwight Eisenhower teams had been brought in quietly. They had been working hard and quite brightly on at least one major project. They wanted to make New York City the showpiece of successful Republican political operations.

A Republican success in the big city's mayoralty election this year obviously would help Gov. Rockefeller take New York State next year like Hannibals' elephants took the Alps.

Had Nixon stayed another week he would have seen this Operation Showpiece turned into a shambles by Mayor Robert Wagner's stripping the Tammany tiger into a patchwork rag.

NOW BOB WAGNER is certain to beat the Republican candidate for mayor this fall by almost half a million votes. This will give the appearance of Wagner defeating Rockefeller himself. Rockefeller's strategists will not be able to point to the City of New York mayoralty election as a sign of "Rocky's" personal appeal.

This will not do the governor any good in his drive for re-election in 1962—the same year Richard Nixon will be gunning against California's Gov. Pat Brown.

If Nixon wins that one handily and Rockefeller does not do handsomely, the Californian has the 1964 presidential nomination clinched.

If there is a reverse play—then Dick Nixon is in the private law business for keeps.

Letters To The Editor

We as Legionnaires are interested in the betterment of the community. We would like to point out another organization which is striving and has succeeded in bettering the community.

The organization is only a few months old and is known as the Lawrenceville Athletic Association. It has done so much in a short time. Why has it done so well? Cooperation and hard work. A group of men set out to do a job and without letting up for one minute have been doing the job well.

Without individually thanking in this letter, we would like to express our thanks where we feel that it is deserved. Not meaning this to be a "back patting" or glorifying letter, but just to express our thanks and to acknowledge that we have seen the good that has been done.

The Lawrenceville Athletic Association fielded three teams of baseball players, providing recreation for some 46 boys ranging in age from 8 to 19 — two teams participating in league play and a team with boys in the age group of from 16 to 19 playing independent ball. We at the Legion express our thanks to officers of the association. Their continuous struggle to raise funds for uniforms and equipment for the boys have proven fruitful.

The funds that were raised were partly from donations and each person or business place who so generously donated can rest assured the contribution was put to good use. Your help in financing the club has helped to make it a success.

While we're thanking, we must remember the managers and coaches of the teams. We are proud to say a majority of them are Legionnaires. The final standings in the league speak for the fine job each manager and coach has done.

No doubt there are a few people who have not realized that each game at Lawrenceville was scored officially. Each boy's batting average was figured and a record kept. This required a scorekeeper who understood a hit from an error and an official time at bat from a sacrifice. Fortunately, Lawrenceville is gifted with such men who so willingly gave their time and service to the team.

The umpiring at the Lawrenceville field, we realize, was far from professional, but each game was called in sincere earnestness, with no showing of partiality by men who generously donated their services. A thanks to the "umps" for the time spent and hard work.

And who says baseball is for men and boys only? If you were ever around the Lawrenceville field during a game, you would see the ladies selling refreshments. We have to wonder how many of the ladies must have left the dinner dishes in the sink so they could help. The profits from the refreshments have helped and we are all most grateful. The ladies also are to be congratulated on the wonderful meal and beautiful decorations at the banquet for the boys. Thanks, ladies, and keep up the good work next season.

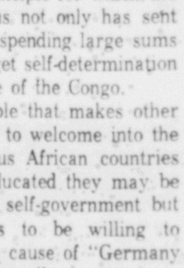
A Lack Of Realism

By David Lawrence

West, Russia Ignore Real German Issue

The talk of negotiation between the East and West persists but there's a certain lack of realism on both sides as to what ought to be talked about.



David Lawrence

One view, expressed by former President Eisenhower, is that there's nothing to negotiate since the rights of the Allies in West Berlin are well established.

Another view is that since the Soviets through their puppets in East Germany have sealed off East Berlin from the other part of the city, the main objective of the Russians has been attained already and that West Berlin now is isolated and seems certain to wither on the vine.

But, oddly enough, the main issue — in fact, the only issue — is conveniently ignored by the spokesmen of both the East and the West. It is that the German people are entitled to self-determination.

This is, to be sure, a basic issue worth negotiating about. It embodies a principle which has been proclaimed around the world as a fundamental of our present-day idealism.

It is the principle that evokes Russian sympathy for the Algerians in the latter's effort to separate from France.

It is the principle for which the United Nations not only has sent troops but is spending large sums of money to get self-determination for the people of the Congo.

It is principle that makes other nations eager to welcome into the U.N. numerous African countries however uneducated they may be in the art of self-government but nobody seems to be willing to champion the cause of "Germany for the Germans."

The failure to do so is usually glossed over with apologetic arguments that public sentiment in Europe isn't ready for this step and that people in Western countries, as well as in Russia, still fear the Germans. It is really more of an excuse than a valid reason.

The German people as a whole are inherently interested in freedom and liberty. Germans in other parts of Europe and in the United States have become as devoted to the cause of democracy as any other citizens.

THE GOVERNMENT of West Germany at Bonn has, time and again since the war ended 16 years ago, demonstrated that it knows how a democracy should operate.

Indeed, this very month an election campaign resembling closely those held in the United States or in Great Britain is being conducted in West Germany. Yet this point seems not to be emphasized nowadays in contrast to the continued absence of free elections in East Germany and in other areas behind the Iron Curtain.

The Western nations, which pride themselves on their devotion to the cause of democracy, somehow are showing a curious indifference to the need for a worldwide campaign in behalf of the cause of self-determination as it affects the German people.

One would have thought that certain Asian and African countries would be the first to cry out for self-determination for the German people, too.

Certainly the progress of the German people in human endeavors is well known, and nobody disputes that they are capable of self-government.

The fact that they fell victim to a dictatorship which came about through their economic collapse should not disqualify them today from being accorded their full independence.

There would have been no economic collapse in Germany, no dictatorship, and probably no second world war if the Western nations had helped the Weimar Republic in an economic sense in the 1920s with something resembling the Marshall Plan.

INSTEAD OF CANCELLING or reducing to manageable proportions the indemnities or reparations accruing from World War 1, the Western Allies unwittingly helped to bring about the very economic depression that gave Hitler his chance.

If the Western governments which profess today to be interested in the principles of the United Nations Charter are really in favor of the principle of the self-determination of peoples, then the opportunity is at hand for a reunified Germany to emerge as a peaceful partner in Europe.

The Soviet Union should be required by world opinion to keep hands off East Germany, while the people there decide for themselves their future destiny. This would mean withdrawal of all Soviet troops from East Germany and giving the people there a chance to join with their fellow countrymen in a new German Republic.

Do the Western Allies really believe in self-determination, or do they weakly accept the theory that it is impractical because the Soviets oppose the idea?

Does a spirit of revenge still prevail in Western Europe as wartime bitterness is allowed to attain an exaggerated importance in the present situation?

IF GERMANY isn't reunited, it could happen that the German problem would become a festering sore and someday the German people might be stimulated to decide to take measures themselves that could produce another crisis.

Consistency requires that the Allies at least stand up for the self-determination of the German people or admit that the principle no longer has validity and that World Wars 1 and 11 were fought in vain.

Simile of The Week: As full of misgivings as a man taking a pup to a veterinary to have its tail shortened.

This is in no way meant to be a snide remark about the hurricane belt in the United States, but it is not a place I would care to live in or even visit, except under some arrangement for instantaneous departure — just in case.

It seems useless to me to hash over the wartime decision about which side should have marched into Berlin, because if our side had done the marching we still would have let the Russians take their share of the glory for licking Germany.

I like James Reston's puckery comment that if it hadn't been for Maris and Mantle this summer Khrushchev would have crowded out all American news entirely in U.S. newspapers.

In this part of the country, where baby carriages are rare, "pram" ads in New York papers, featuring carriages with reversible handles, coil springs, all-aluminum bodies and all-weather tops are nothing short of quaint.

No sight in nature strikes my fancy like a spatter of fallen leaves on an expanse of green lawn—in September—no Spring scene, no Winter Scene, no Summer Scene.

It finally became necessary at our house to bar Bach from the hi-fi during the dinner hour, because the relentless tempo of the music was causing indigestion from too-rapid chewing, besides making leisurely conversation impossible.

One of the triumphs of hard reason over soft emotion in our time is the widening conviction that the dumbest thing adults can do with kids is let them turn sour because they have nothing to do with their time. One of the surest preventives of juvenile delinquency is a job. One of the surest ways to juvenile contentment is to be busy doing something.

During hurricane Carla many on-the-spot TV reporters, who did a first-rate job, in my opinion, overworked the verb "wreak," which many of them pronounced "wreck," as if they had never understood that the verb is pronounced "reek."

As has been my annual custom since the era of the Jordan "Playboy," I am paying close attention to writeups about new-model cars and am impressed with how many of the 400-odd models that will be available represent something rare at one time in this country—functional transportation. For this, we can thank foreign competition.

All rhubarbs over and about Jack Paar strike me as meaningless but in the rhubarb about the Berlin incident I have a hunch the guy's only mistake was in not telling the eager-beaver soldiers who hardly could wait to get on camera to go back to their barracks and grow up. He didn't have to ask for them; they muscled in.

The most hazardous thing I've ever heard of people doing, besides hauling TNT in trucks, is watching European road races from anything short of a safe distance away. Scores have been killed by cars that careened into spectators.

Democrats Set Hands Off Policy For Postal Plans

The Columbiana County Democratic party has adopted a "hands-off" policy concerning the location of a proposed new Post Office in Wellsville.

A point of controversy for about two years, the issue was revived this week by a proposal from federal postal authorities that possibly a combination municipal building and post office could be constructed.

Don R. Gosney, Columbiana County Democratic chairman, announced at a meeting of the county Democratic Central and Executive Committees Wednesday night at Lisbon that "neither the county party nor the national party," he feels assured, "or any of its officials, are interested in which site is picked for the Wellsville Post Office."

"The only interest the Democratic party or any of its elected officials have is to see that Wellsville has a new Post Office. As to the site, it is up to the people of Wellsville to get together and decide where they would like to have it," Gosney said.

The proposal that a multiple building be constructed was aired by City Council and postal authorities Tuesday night. The proposal calls for the razing of the present City Hall and constructing the new building at the site.

This plan also has been opposed. Earlier this year, a Cleveland man purchased the former Standard Hardware & Garage building at 12th and Main Sts. and planned to remodel it for rental as a post office. Some opposed the location while others objected to a remodeled building.

Intruders Get Change From Coin Devices

Intruders obtained an undetermined amount of change in the looting of coin-operated machines in two East Liverpool laundries early today, police reported.

The lootings were discovered at the Econ-O-Wash Laundry on State St., operated by Joseph Clements, and the Day and Night Laundry at E. 3rd and Walnut Sts., owned by Robert Patterson, officers said.

The theft at the downtown laundry was discovered by Officer Paul Carter while on routine patrol at 3 this morning, police said.

The intruder pried open a coffee dispensing machine and removed the coin box. An unsuccessful attempt also was made to pry open a machine which issues change for $1 bills and the coin box of an automatic washing machine, officers said.

The theft from the East End laundry was discovered at 3:40 this morning by Patrolman Jack Strobel, also during routine patrol.

He said the intruder pried loose the coin box on a washing machine and removed the contents.

Both laundries have been victimized several times in the last few months by vandals and petty thieves.

Fatality

ginia State Police, who investigated, said the mishap occurred in front of Bob's Bar near the Pennsylvania state line.

The investigating officers said Mr. Campbell was crossing the road to his car parked opposite the tavern when struck. Mr. Campbell apparently was dragged some distance after being struck by the 1960 auto.

Wells told the officers he was en route to Hookstown to eat with some friends and was descending the long, straight grade about 20 miles an hour when his car hit Mr. Campbell.

The hospital did not list Mr. Campbell's injuries, but authorities said he apparently died from a fractured skull and multiple injuries.

He was born in November 1902 in Calhoun County, W. Va., son of Henry A. Campbell and Maude Lynch Campbell. He resided in the vicinity about 40 years. He was employed at the Midland Works of the Crucible Steel Co. He was a member of the Congo Church of the Nazarene near Newell.

He is survived by his widow, Mrs. Wilma Cooper Campbell at home; two daughters, Mrs. Quinnie Cleo Ferguson of Steubenville and Mrs. Osa Lucas of Lawrenceville; a son, Emmett Ray Campbell of Chester; three sisters, Mrs. Barbara Ellen Norman of Akron, Mrs. Eula Richmond of Cambridge and Mrs. Freda Baker of Aliquippa; three brothers, Orvin Campbell of Parkersburg and Elmer Campbell and Everett Campbell, both of Cambridge, and 10 grandchildren.

Services will be held Saturday at 2 p.m. at Turley Funeral Home in New Cumberland by the Rev. Walter D. Speece. Burial will be in the Island Creek Cemetery in Toronto.

Man Waives Hearing On Bad Check Charge

Paul Phillips Jr. of Canfield R. D. 2 waived a preliminary hearing and pleaded not guilty when he appeared today before Municipal Judge Samuel M. Chertoff on a charge he issued a $150 check to a city auto agency without having sufficient funds on deposit at the bank on which it was drawn.

Judge Chertoff ordered Phillips held to the Grand Jury, continuing the $1,000 bond on which he has been free since June.

The charge against Phillips was filed by Jack W. Young, sales manager of the East Liverpool Central Service Co., alleging that Phillips gave the agency a $150 check on March 23 but did not have sufficient funds on deposit at the Boardman office of the Mahoning National Bank of Youngstown, on which the check was drawn.

Hurricane

(Continued from Page One)

ou. Wives of the two men and another youth were missing.

A mountainous wave came rolling in, Robert said, as his family huddled in the attic of his home.

"We all started trying to get on the roof," the youth related. "I managed to get up there. The wind was blowing really hard then, and I tried to reach down and help two of the children up. But something seemed to pull them away from me."

Deaths charged to the hurricane included five Wednesday in Kansas. A family of four perished in a car washed off a road near Waverly and another victim in a car swept off a causeway at Fort Scott.

Tornadoes generated before and after Carla's center surged inland with winds up to 175 miles per hour took six lives in Galveston and five others at two points in Louisiana. Still others died from touching power lines snapped at the hurricane's height.

Sightseers flocked toward Galveston after ebbing waters uncovered a causeway.

To keep curious spectators from interfering with the giant rehabilitation job ahead, Texas Gov. Price Daniel ordered the National Guard to put roadblocks at the Galveston county line. He said local authorities agreed that non-essential travel was interfering with the return of refugees.

The port of Houston, closed since Carla started drawing near, was expected to reopen today. About 30 ships are anchored at Bolivar Roads outside Galveston waiting to come in.

While part of an estimated half million people fleeing before the storm were able to get back home there were still thousands of refugees at inland points.

There were no ready estimates of how long it would take to restore electricity, water and sanitary systems so the evacuees could return to dozens of smaller towns, some still partly under water.

Merger Plan Is Clarified

With Pennsylvania's new school merger bill signed into law, Supt. Ralph H. Jewell of Midland said any merger of Midland area school districts would depend on action of the Beaver County Board of Education.

Gov. Lawrence signed the bill Tuesday, which requires school districts to merge into larger and more economical units of 4,000 pupils each by 1965.

Jewell said it is up to the county board to create a plan by Jan. 1, 1963, with approval of the respective boards.

He said the State Council of Education has until July 1, 1965, to approve the new districts, giving it about 2½ years to handle the many problems expected.

Midland Council and the Western Beaver County Board of Education of Industry Borough and Ohio Township went on record this summer opposing the merger legislation.

The reorganization bill was the key legislation dealing with education to pass the 1961 legislature. Gov. Lawrence termed it "one of the most important steps which must be made to improve the state's school system."

Under the bill's provisions, the state's 2,300 present districts woul be lumped into 600 or 650 districts with a minimum of 4,000 pupils each.

The bill contains an escape clause which permits districts to exist with only 2,500 pupils in special cases. A district with less than 4,000 would require approval of the state council.

Philadelphia is exempt as are 23 seventh and eighth class counties where sparsely populated areas pose a problem of transportation.

4 New Issues Due For Vote

Four more propositions have been filed or are expected, boosting to 38 the number of special questions and issues on which Columbiana County subdivisions will vote at the Nov. 7 general election, Frank R. O'Hanlon, Election Board clerk, said today.

Wellsville has filed a resolution asking a vote on renewal of a 1-mill levy to provide funds for police department salaries. Scheduled to be effective for five years, the levy would require a 50 per cent affirmative vote for approval.

The resolution requesting the vote was enacted by Wellsville Council Sept. 5. It provides funds equivalent to the salaries of two and a half policemen.

Meanwhile, Washingtonville village officials advised the board they expect to file resolutions asking a vote on three new levies.

There will be two 2-mill propositions, one for current expenses and the other for fire protection, and a 1-mill levy for street lighting expenses. All would be in effect five years. Each of the propositions requires a 50 per cent affirmative vote for approval, O'Hanlon said.

Miss Linda Weekley, who will enter her senior year at Ohio University, spoke of her experiences as a delegate to the seventh quadrennial National Methodist Student Conference held this summer at the University of Illinois at Urbana. She will serve as president of the Wesley Foundation at Athens.

Mrs. Francis Lang, program chairman, introduced the guests and read a list of church youth enrolled in colleges.

Mrs. Melvin Johnson, president, opened the business with prayer followed by silent prayer. She extended a welcome to the new minister and his wife, the Rev. and Mrs. John Clark, and the other guests.

The group voted to comply with the supply quota for the term, which includes contributions to the Youngstown Methodist Community Center, Wesley House Center at Atlanta, the Carrie Barge Cottage at Lakeside and missions in Hong Kong.

Mrs. Robert Wotring spoke on the UNICEF program for this fall and as chairman for the annual bazaar Nov. 29, asked the circles to name committees.

Mrs. Lang announced the Sewing Guild will meet each Wednesday at 11 o'clock instead of Thursday as in previous years.

The rummage sale is set for the week of Nov. 6 at the rear of the City Market Building. Mrs. James Hassall was named chairman.

Mrs. John Toth and Mrs. Clarence Duffy were co - chairmen. Proceeds will go to the church building fund.

Yanks In Twin Bill Today

By MIKE RATHET
Associated Press Sports Writer

Joey Jay, 26-year-old Cincinnati Reds' right-hander discarded by Milwaukee after the 1960 season, became this year's first 20-game winner in the National League Wednesday night by beating his former Braves' teammates 1-0 with a four-hitter.

He also scored the game's only run in the fifth inning.

The Pittsburgh Pirates, with reliever Harvey Haddix pitching two-hit ball over the final eight innings beat second-place Los Angeles 8-2 and dropped the Dodgers 5½ games back of the league-leading Reds. Any combination of nine Cincinnati victories and-or Los Angeles defeats will give the Reds the NL flag.

San Francisco's Giants moved into a tie for third place with the Braves by defeating last-place Philadelphia 8-2. The Chicago-St. Louis game was rained out.

Jay (20-9), first Cincinnati hurler to enter the 20-game circle since Ewell Blackwell won 22 in 1947, completely handcuffed the team that signed him for $20,000 in 1953 and traded him to the Reds last winter. Jay scored the Reds' run on a two-out single to center by Vada Pinson. Carl Willey (5-11) was the loser.

Bill Mazeroski's second homer, with one on against reliever Dick Farrell (8-7) snapped a 2-2 tie in the eighth inning and sent the Dodgers crashing to their fifth loss in six games. Dick Stuart also homered for the Pirates, his 30th. Haddix (9-6) came in when Bob Friend retired due to a stiff shoulder after giving up two runs in the first.

Rookie right-hander Jim Duffalo (4-0), recalled from Tacoma Monday, practically got the job done for the Giants singlehandedly in his first major league start. He limited the Phils to six hits and drove in four runs—three with his first big league homer. Dallas Green (2-4) took the loss.

By The Associated Press

Rain forced the New York Yankees-Chicago White Sox game to be postponed Wednesday night and rescheduled as a doubleheader today. Both Roger Maris and Mickey Mantle figure the postponement hurts their chances of breaking Babe Ruth's home run record.

"Somehow I've never done too well in doubleheaders," said Maris, the leader with 56 home runs and a three-game edge over Ruth record 60 pace of 1927.

"I'd rather play them one game at a time," said Mantle, three games behind the Bambino with 53 homers.

Despite this there'll likely be a doubleheader sometime today. The White Sox have set the starting time at 2:30 p.m. Daylight Savings Time but will take the whole day to complete the twin bill if necessary. In the event of a further postponement, there is an open date Monday which may be used.

While the Yanks were idled, the second-place Detroit Tigers took the opportunity to reduce the American League leaders margin to 11 games by blanking the Kansas City A's 8-0 behind Jim Bunning's five-hit pitching and home runs by Rocky Colavito and Norm Cash.

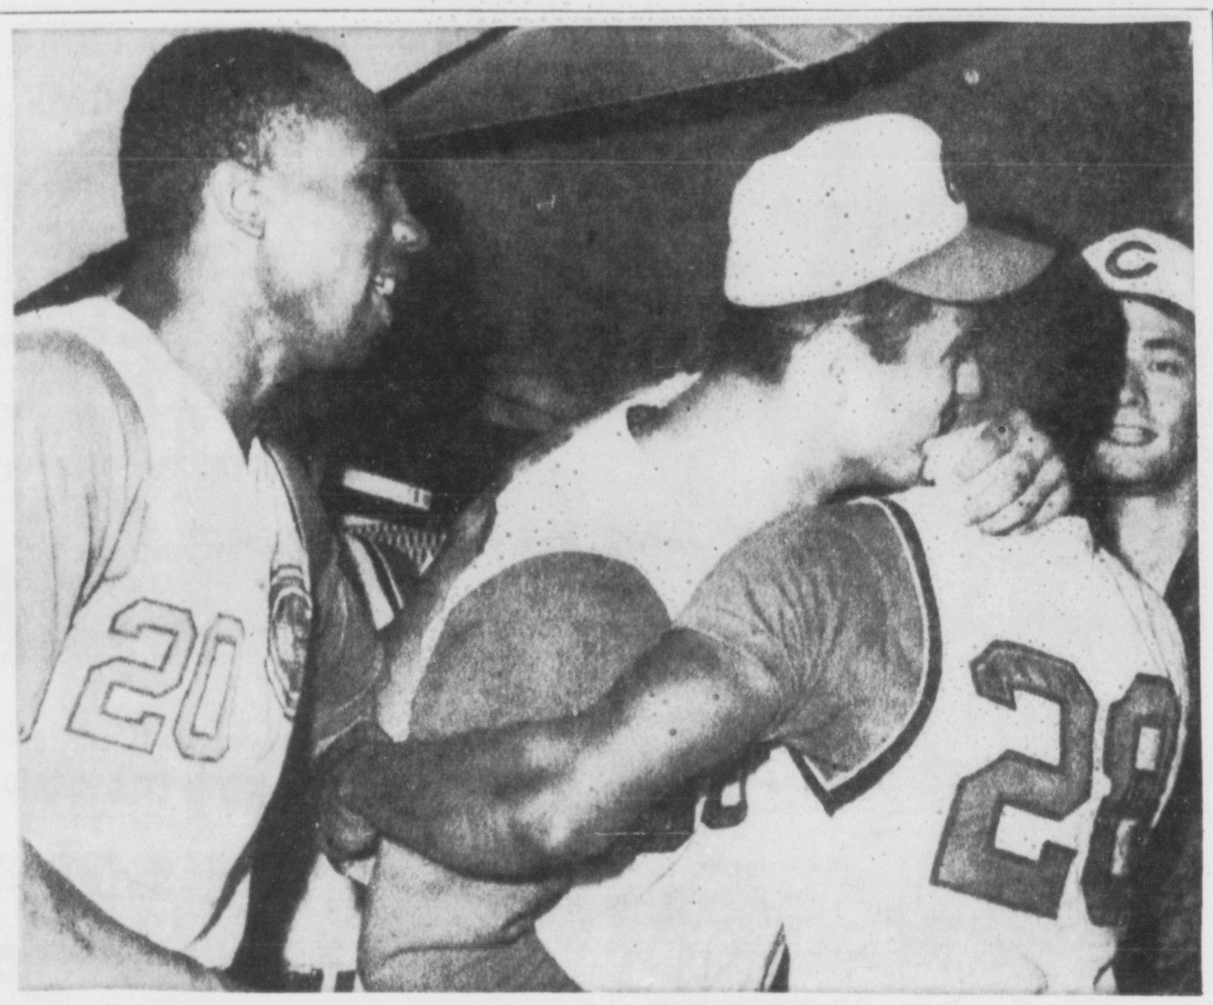
The Cleveland Indians snapped a six-game losing streak by beating Baltimore 5-0 on Gary Bell's four-hitter, and Washington beat Boston 4-2. A twi-night doubleheader between Los Angeles and Minnesota was postponed.

Maris and Mantle each got to bat once before the all-day rain finally made the field unplayable in the third with the Yankees leading 2-1. Maris singled to center and Mantle fouled out to the catcher in the first inning.

The postponement left the Yanks' magic number at seven.

The Tigers jumped off to a 4-0 lead against A's starter Jim Archer (8-13) in the first four innings, then put it away with a four-run fifth as Colavito smacked his 42nd homer with two on and Cash followed with his 35th.

Area Gridders Come Out For Round 2



JOEY JAY JOINED THE RANKS of 20 game winners Wednesday night when the Reds defeated the Braves, 1-0. Vada Pinson who singled in Jay for the lone tally is taken by surprise in the Cincinnati clubhouse after the game when Joe embraced the centerfielder. (UPI Telephoto)

Newell Meets Raiders Tonight; ELHS Idle Until Sept. 22

District high school teams will come out of their corners for the second round of the local football season beginning tonight, with one game on tap.

New Cumberland's visit to Newell will touch off the weekend of football, which shows an 11-game card facing district gridders.

Friday is the heaviest, as usual, with eight games scheduled, while the weekend winds up with two contests on Saturday.

The New Cumberland - Newell tilt, which will start at 8, will be a battle for grid supremacy in Hancock County.

Coach Pete Horoszko's squad dropped a 32-12 opener to Follansbee St. Anthony, while John Kuzio's Blue Raiders were on the short end of a 6-0 count to Northwestern.

Newell will be out for revenge. New Cumberland had little trouble disposing of the Vikings last season, 26-6.

The brightest spot in Newell's opener was the running of halfback Ed Weirsbecki, who scored both touchdowns for the Green and White.

—:—

TURNING to Friday's card, the East Liverpool Potters take the night off and won't return to the gridiron until Sept. 22 when Steubenville Central invades Patterson Field.

Coach Ken Woods sends his Wellsville Tigers after their first victory at Lisbon. Wellsville was dealt a 20-6 setback by Freedom last Friday.

The Tigers will be depending on the running of big John Euill and the running and passing of their nifty quarterback, Roger Ours.

Lisbon is termed dangerous. Bud Bucher's eleven surprised Carrollton last week by posting an 18-6 victory.

In the immediate area, the big contest is at Chester, where the Panthers take on Beaver Local. Jack O'Rourke's Beavers, striving to become one of the top teams in the district, this year, came out of their opener with a tie against an improved Leetonia eleven.

Chester is still hampered by injuries, but this week saw halfback Chuck Mullen returning to practice. Amedeo is depending on Mullen to give the Panthers that extra offensive thrust.

Kickoff at City Park is set for 8 p. m.

—:—

MIDLAND, working hard on its defenses which were down in a 37-20 loss to Ellwood City, is preparing to face Canon-McMillan at home Friday night. Canon-McMillan ran roughshod over Monaca last Friday, 32-0.

Coach Charlie Polce did see his team display a well - balanced offense, with Steve Trbovich supplying an accurate arm for an air attack. Trbovich and halfback Gary Perkins clicked for two touchdown passes in the Ellwood game.

East Palestine, successful in its opener with Canfield, meets an out-of-state foe in Beaver at East Palestine.

Leetonia, with Paul Conrad & Co., will be looking for win No. 1 at Rootstown tonight. Conrad scored both TD's in the opener when Leetonia played Beaver Local to a 14-14 tie.

Columbiana, the only team in the area that didn't play last week, launches its campaign at home against McDonald.

The South Side Rams, off to a good start with a 13-12 victory over Nashannock, play before the home crowd for the first time Friday when Avella travels to the Hookstown school.

Salem goes after its second straight at home against Youngstown North.

Two games Saturday show United at Crestview and Stanton Local seeking its second victory at Mt. Pleasant.

Here's District Grid Schedule This Week

Tonight
New Cumberland at Newell

Friday
Wellsville at Lisbon
Beaver Local at Chester
Canon-McMillan at Midland
Beaver at East Palestine
Leetonia at Rootstown
McDonald at Columbiana
Youngstown North at Salem
Avella at South Side

Ohio Golfer Is Favored In Amateur

By JACK STEVENSON
Associated Press Sports Writer

PEBBLE BEACH, Calif. (AP)—Collegiate champion Jack Nicklaus, with a "road map" he hopes will guide him to his second National Amateur title, had belted his way into the favorite's position today.

He and Joe Carr of Dublin have proved the stars of a field now reduced to 16 players with only four to remain by nightfall.

Ex-champs Harvie Ward and Charlie Coe and colorful Billy Joe Patton were among the upset victims Wednesday as the standout amateurs played two rounds. Carr was the only survivor of the ten starting foreigners.

After Nicklaus, 21, the Ohio State University ace, beat big Dave Smith of Gastonia, N.C., 2 and 1 in Wednesday's fourth round with a 4-under-par effort, he declared he has been having trouble judging distances on the 6,747-yard Pebble Beach course.

So he refers to diagrams and yardages he has noted on an expanded scorecard and carries in his right hip pocket.

Three-time British champion Carr, 39, a dress manufacturer, eliminated little Sam Marsh of Greenville, S.C., 2 and 1.

For today's fifth round, Nicklaus drew New York veteran Johnny Humm while Carr faced Chuck Courtney, 20, captain of the San Diego State College team. Courtney beat Walker cupper Dr. Frank Taylor 2-up in their fourth round meeting.

Today's opening matches, in addition to those featuring Nicklaus and Carr, are:

Ed Hopkins, Abilene, Tex., vs. Dud Wysong Jr., McKinney, Tex.; Dick Sikes, Springdale, Ark., vs. Richard Norville, Oklahoma City; Gene Francis, East Williston, N.Y., vs. Frank Hoover, Bakersfield, Calif.; Sam Carmichael, Martinsville, Ind., vs. Ken Finke, Tucson, Ariz.; Sonny Methvin, Little Rock, vs. Dick Hanen, Coos Bay, Ore., and Charlie Smith, Gastonia, N.C., vs. Marvin Olshan, Harrison, N.Y.

Francis, 23, a former Purdue star, eliminated two-time champion Coe, Ward, of San Francisco, national champ in 1955-56, fell before Wysong, 22, 4 and 3. The Texan then beat Britain's Ronnie Shade 3 and 2.

Sikes, 20, captain of the University or Arkansas team, beat Patton 4 and 2.

American League Prexy Speaks

61 Homers In 162 Games New Record, Cronin Says

By JOE REICHLER
Associated Press Sports Writer

CHICAGO (AP) — American League president Joe Cronin said today if New York's Roger Maris or Mickey Mantle hit 61 home runs in the regulation 162-game schedule, it must be regarded as a new record.

Rain prevented Mantle and Maris from continuing their bid Wednesday night to move up on Babe Ruth's 34-year-old record of 60 homers in one season.

Maris has hit 56 in the Yankee's 145 games (including a tie), and Mantle has 53.

Roger is three games ahead of Ruth's pace and Mantle is three behind.

A getaway doubleheader between the Yankees and the Chicago White Sox was scheduled for this afternoon.

Cronin said he did not wish to become involved in any dispute with Ford Frick.

At the same time, he added, he could see no logic in the commissioner's ruling which specifies that Ruth's 60 homers in 1927 must be topped in 154 decisions to count as a new standard.

"After all, Ruth hit his 60 in 151 games," said Hall of Famer Cronin, a contemporary of Ruth when he was the star shortstop and manager of the Washington Senators in the early 1930s.

"Therefore, if a person wants to be technical he can say the record counts only if either Maris or Mantle hit 61 homers in as many games as Ruth did.

"I respect the commissioner's feelings about the matter, but as far as I'm concerned, it will be a record if either or both do it in 162 games."

Jockey 'Fair' Following Spill At Waterford Park

A jockey was injured, two more rulings were handed down suspending two riders for five days and jockey Francisco Saumell has left Waterford Park.

Jockey Thomas Ryan was thrown from his mount Silent John in Wednesday's third race at Waterford Park and taken to City Hospital, where he was listed in "fair" condition today. Ryan suffered severe bruises.

Waterford Park stewards slapped five-day suspensions on jockeys Ray Cooper and Roy Cave for rough riding. Cooper was cited for his ride in the same race in which Ryan was thrown from his mount. Cooper's mount Polaco which won the race was disqualified.

Saumell, the leading jockey at Waterford Park with 74 wins, was not given a suspension or referred to the West Virginia Racing Commission but was requested to leave the track.

A 2-2 combination clicked for a $15.50 daily double payoff. Midway Point captured the opening event and returned $4, $3.20 and $2.20 while Marbern paid $5.40, $3.40 and $3 as winner of the second race.

Patterson Given To March 13 For Defense Of Title

PITTSBURGH (AP) — Floyd Patterson must fight a top challenger within six months or lose his heavyweight boxing crown.

This choice was handed Patterson Wednesday in a letter from Paul G. Sullivan of Pittsburgh, chairman of the National Boxing Association's world championship committee.

Patterson was given until March 13, 1962, to defend his title against the No. 1 NBA challenger. That's the anniversary of Patterson's fight against Ingemar Johansson, the champ's last title match.

Under NBA rules, the heavyweight titleholder has a year to defend his title.

The current top NBA heavyweight challenger is Henry Cooper of England.

Patterson is scheduled to take on Tom McNeely of Boston sometime in November. McNeely is not considered a prime contender by the NBA.

The University of North Dakota has not enjoyed an undefeated, untied season since 1909 when the Soux won five straight games and outscored the opposition 104-0.

Nonpareil To Sponsor EL-Tiger Reserve Tilt

The Blue and White Nonpareil Club will sponsor the reserve football game between the East Liverpool reserves and the Wellsville jayvees Saturday night at 7:45 at Patterson Field.

Admission will be 50 cents for adults and 25 cents for students. Coach Bob Hedmond expects to use an all sophomore team, playing different defensive and offensive units.

The Blue and White Nonpareil Club is selling sidewalk flags to be flown during the East Liverpool High School football season, city merchants were reminded today.

The blue and white flags are $10, and the deal includes a pole, string and gold top for the standard.

Merchants wishing to purchase flags are to contact Russell E. Hall, club president.

Georgia Tech has had only three football coaches since 1904. They are John W. Heisman (1904-19), Bill Alexander (1920-44) and Bobby Dodd (1945-present).

Hancock Hires 8 For Appraisals

Leon said the additional field deputies are needed because of a change in the law by the State Legislature, making the assessment program start on Jan. 1 rather than at the beginning of the fiscal year July 1.

The department now is doing double work, handling both the 1961 and 1962 tax books, Leon said.

The books were not written especially for young people but were selected for the academically-talented high school student.

Kennedy-TV Romance Wanes

The romance between President Kennedy and television appears to have dissolved to a nodding acquaintance. In short time, we might add.

Marie Torre

The President easily was the most ubiquitous figure on home screens back in January and February, when he seemed grateful for all TV favors. He accepted, that is, more television invitations than he rejected, conducted live press conferences on TV, once summoned the producer of a news special he particularly wanted to express his thanks to, and he talked about finding a vehicle comparable to President Roosevelt's "Fireside Chats."

-:-

"IN THOSE DAYS," says NBC White House correspondent Ray Scherer, "you hardly could turn on the set without seeing the President. He was praised for his efforts to communicate with the people directly.

"Now it's the opposite. Something's happened. Some say the President may have had second thoughts about overexposure on TV, but frankly how could a President of the United States be overexposed?

"My own feeling is that he's so overwhelmed with the problems of his office he just doesn't have time to play the TV game. Besides, there's no law that says a President has to go on television all the time."

-:-

THE PRESIDENT'S diminishing interest in television apparently extends to White House viewing. It had been his practice to solicit opinions from members of his staff the morning after every Kennedy news special.

One morning, according to a 5-month-old dispatch, a staff member said he had missed the show, and President Kennedy reportedly "hit the ceiling."

Assistant Press Secretary Andrew Hatcher denies that such observance of television exists at the White House today. Why, in recent months, the President hasn't seen many of the programs dealing with his administration, which is information we learned from Hatcher when we asked for President Kennedy's reaction to NBC's attempts to be his Boswell in the irregularly scheduled "JFK Report." (The 10th "Report" will be along on Sept. 28.).

-:-

"THE PRESIDENT," said Hatcher, "hasn't seen too many of the 'Reports,' though I know he saw the first two and thought they were fine.

"This started as a series of spectaculars—the first two were, anyway—but it became more of a news show during President Kennedy's European visit. He didn't see them, largely because he was busy making the news."

Hatcher concurs with Ray Scherer on the "time" reasons for President Kennedy's inability to accept television invitations ("NBC," said Hatcher, "has been almost persistent about a Dec. 10 program, which will be a general review of the congressional session. He still hasn't decided about that.")

-:-

WHEN THE PRESIDENT does have time to sit through a JFK special, he is, in Hatcher's words, "a good critic." If he should be unhappy with the presentation of the presidential viewpoint, he refrains from the public airings for which one of his Democratic predecessors was famous.

"If the President should feel displeased, he lets us know," said Hatcher, meaning by "us" the White House staff. "We don't want to send any producer to the woodshed, but we try to find out discreetly what went wrong."

Meanwhile, the only television matter of present concern to the White House is how to improve the President's press conferences and addresses.

"You may remember, during his message on Berlin," said Hatcher, "that the President wiped his brow because the room was so hot. I assure you, the room never will be that temperature again."

Floods Rage In Missouri

By The Associated Press

Heavy rains triggered by dying Hurricane Carla sent smaller streams on record rampages in the Lower Missouri River Valley Wednesday.

Six deaths were attributed directly or indirectly to the sudden torrent of flood water.

Thousands were driven from their homes and damage was widespread. The main damage was along the Blue River as it cuts across the residential suburbs south and east of Kansas City and through an area of close-packed industries between Kansas City and Independence, Mo.

The dying storm continued to touch off drenching rains over the Upper Midwest from the Middle Mississippi northward to Michigan and westward to the Eastern Dakotas.

Except for some cloudiness in the Central Plains and the Northern Pacific Coast, the rest of the country had mostly fair weather.

Nighttime temperatures dropped into the cool 30s and 40s across the North Central Border states and ranged to the 60s and 70s elsewhere, but some 50 and 60 degree readings in the Northeast and along the Pacific Coast.

Work Begins On New Store

Digging of footers Wednesday marked the beginning of construction of a new supermarket in Wellsville on the old mill site off Wells Ave.

Daniel Mason of Dover, co-owner and general manager of Mason's Foodliner there, said George Bagella of Salem, a general contractor, has been hired to construct the building.

The project should be completed in about three months, Mason said.

The building will be of concrete block with a brick front, measuring 90-x-135 feet. There will be parking space for about 300 cars.

He said it will be known as Mason's Supermarket. It will be a self-service operation.

The new building also will house a bakery to be operated in conjunction with the market. James Litty is in charge of the bakery. He also operates the bakery at the Dover store.

Mason said the entire project will be pushed now that all legal requirements have been met and the contractor hired.

Ann Landers
ANSWERS YOUR PROBLEMS

Dear Ann Landers: Our daughter will be going away to college soon and I know only too well that the next step is marriage. What worries me is how will she be able to manage a home of her own when she can't fry an egg, much less put a meal together?

Before you jump down my throat, let me tell you that I've tried to teach her but she's never shown any interest in learning how to sew on a button or prepare a roast.

In this day and age there's a lot of teen-age activity — early dating, parties, swimming, skating, TV—and naturally, every girl must have her own telephone. You'll have to admit, Ann, that teen-agers are different today than when you and I grew up.

How can we teach a daughter to be a homemaker when she won't stay home long enough to learn?—OLD SCHOOL.

-:-

Dear Old School: Teen-agers ARE different than when we grew up — but so are parents. They are at home less, they are occupied with outside interests, they are often too permissive (and sometimes downright collapsible under pressure).

There are 24 hours in every day. If you've allowed your daughter to spend all her time entertaining herself, then you must accept the blame for her deficiencies.

Of course a 12-year-old would rather munch popcorn in front of a TV set than peel potatoes or set a table. But, as her mother, you should have insisted that she give you a hand with the cleaning and cooking and ironing — not because you needed her help but because SHE needed to learn the domestic skills.

Office Looters

Dear Ann: I hate a stool pigeon and I refuse to be one but I no longer can sit silently by and ignore a sickening and vicious practice which has been going on under my nose for much too long.

I work in a fine office. The building is beautiful and the working conditions are first rate. It's a great organization and the employes are treated extremely well by management.

Yet I see people walk out of here with typewriters, adding machines, photographic equipment—and table lamps and potted plants from the reception room. They carry off framed paintings, hatracks and just about anything that isn't nailed down.

Is there something I can do about this sort of turning in the names of the stealers? This I refuse to do.—I. C. PLENTY.

-:-

Dear I. C. Plenty: Yes. You can write a signed letter to the management, detailing your shift and department and suggest that they post deputized guards at the exits. In this way employes can be stopped if they try to walk out with company property.

A Trip Or A Lift?

Dear Ann: A woman in our crowd took a trip to Europe (she said) and was away for two months. She came back looking 15 years younger. She said she had the most marvelous rest of her life. I'm sure she had her face lifted.

I've spent too many summers (and winters) in the sun and have many unwanted wrinkles. I've flirted with the idea of having plastic surgery but until now I was afraid of the results.

Shall I ask her who did it or would she be insulted?—N.

-:-

Dear N.: Ask her — but make certain no one else is present.

Confidentially

TO SUSPICIOUS BEN: Me, too. She's trying to get on your good side, all right — the side with the wallet. Stop bragging about how "well off" you are and this may help to discourage future gold diggers.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

President Signs 3 Bills Aimed At Organized Crime

WASHINGTON (AP) — President Kennedy signed into law Wednesday three bills to help combat the underworld's gambling and racketeering enterprises.

His brother, Atty. Gen. Robert F. Kennedy, who had asked for the measures to bolster his declared war on organized crime, watched as the President affixed his signature to the tough new laws which:

1. Make it a felony punishable by five years in prison and $10,000 fine to cross a state line or to use the mails or other interstate commerce facilities in gambling, liquor, prostitution and narcotics rackets.

2. Forbid the interstate smuggling of gambling paraphernalia, with penalties up to five years in prison and $10,000 fine for violations.

3. Outlaw the interstate transmission by wire of bets and of racing or other information vital to bookmakers in their gambling operations. This aims a blow at the now mostly clandestine but legal race wries. The new law carries penalties up to two years in prison and $10,000 fine.

Scripps To Speak

COLUMBUS, Ohio (AP) — Edward W. Scripps II, national president of Sigma Delta Chi, will speak Friday at the fall meeting of the Central Ohio professional chapter of the national journalistic society.

Vaccine Proves Successful For Curbing Measles

PHILADELPHIA (AP)—A measles vaccine has been successfully tested in field trials among 605 children in the Philadelphia area.

Children's Hospital said today research on the vaccine "suggests that the 200-year search for a method of immunization against measles is now over."

The vaccine still must be approved by the U.S. government. If accepted, it might go on sale sometime next year, says the drug firm which plans to market it, Merck, Sharp & Dohme Laboratories.

A team of clinical investigators from Children's Hospital and the University of Pennsylvania reported on the vaccine, developed by Dr. John F. Enders of Boston and his colleagues, in today's issue of the New England Journal of Medicine.

They said it has given 100 per cent protection from measles in children during epidemics in recent months in a controlled field trial.

Half of the children in the field trial were injected with attenuated measles vaccine of the Enders type concurrently with human gamma globulin, the report said.

A large percentage of children in the trial who did not receive this type of immunization caught the measles.

A primary question which remains to be answered is the most desirable balance between the amount of standardized gamma globulin and virus in the vaccine, said Dr. Maurice R. Hilleman, a member of the research team.

Peace Group Set To Defy London Curb Upon Rally

LONDON (AP) — Followers of philosopher Bertrand Russell announced today they will defy a police ban and go ahead Sunday with a giant rally to denounce nuclear weapons.

The prospects were that the organizers will land in jail alongside the 89-year-old philospher and 32 of his backers, doing time for breach of the peace.

In a rare order for Britain, where free speech is traditional, police Wednesday banned the antibomb "Committee of 100" from any activities Sunday in a mile square area of London.

The citadel of London's soap box orators, a corner of Hyde Park, was left outside the restricted zone. So was the Soviet Embassy, where there have been antibomb demonstrations.

But Home Secretary Richard A. Butler signed an order banning the demonstrators from Trafalgar Square where the U.S. Embassy stands, Piccadilly Circus and Buckingham Palace.

Police apparently feared the rally could touch off riots between marchers and pro-bomb elements.

Lima Driver, 28, Dies In Two-Car Collision

LIMA, Ohio (AP)—Robert E. Keith, 28, of Lima was killed Wednesday night when his car collided with another on a county road about four miles north of here.

The driver of the other car, Frank G. Campbell, 16, was not hurt; but a passenger in his car, Robert Lee Roetlisberter, 15, was taken to St. Rita's Hospital.

Pep Club At Chester High Picks Officers

The Pep Club of Chester High School elected officers Wednesday, naming Patti Taylor president.

Others are Grayce Pinney, vice president; Saundra Burns, secretary, and Connie Newlen, treasurer. Plans were made to decorate the football field for Friday night's game with Beaver Local High School.

Next meeting is Tuesday.

Beaver Public School Pupils Take Conversational French

The Aplomb of some Beaver Local school district fathers is being shattered these days by bright - faced moppets greeting them at the door with a hearty, "Bon Jour, Papa!"

About 600 youngsters at the Public School near Williamsport are enrolled in a conversational French course for elementary students — the first in this district.

Mrs. Patty Suarez of Pleasant Heights, former French instructor at Beaver Local High School, is teaching the course offered once a week in a 40-minute period to the majority of the pupils.

Some students in the seventh and eighth grades attend the class twice a week, George VanHorne, executive head, reports.

Mrs. Suarez, a 1958 graduate of Fairmont State College in West Virginia, explains simple French phrases, such as the words for hello or how are you.

The conversation classes on this level give children the sound of the language in familiar usage which is quickly learned by youngsters and provides a better groundwork for future study.

The pupils are to select French names for themselves for use in classes, and will soon be spouting Gallic phrases en masse.

Will Mama and Papa wonder what Jacques is saying? "Oui."

Will the adult education courses at Beaver Local include French this fall, in possible response to parental demands? "Peut-etre," (perhaps) answers Lee Kirkland, high school principal, if the enrollment is sufficient.

Meanwhile, back at l'ecole (school), the kids are talking up a storm and doing "Tres bien, merci."

Small Radios Barred From Use In Schools

YOUNGSTOWN, Ohio (AP) — Youngstown public school pupils with transistor radios must leave them at home from now on because they annoy teachers and other pupils.

Dr. J. Harry Wanamaker, superintendent of schools, issued the order Wednesday after teachers and pupils complained about the small radios.

Traffic Lane Project Set

Ohio Highway Director E. S. Preston has ordered elimination of conflicting traffic lane lines from rural highways, an annoyance to motorists.

Old paint lines, where roads have been widened, are to be burned off, and proper lines painted in, according to the highway department. The order applies to conflicting lines only, not to old parallel center and edgelines.

The move is designed to eliminate confusion for motorists who might be misdirected by the obsolete lines.

Division 11 Deputy Director William McKenna had reported the division is continuing investigation of fatal accidents in the seven-county area in line with providing additional traffic protection at the sites of death crashes.

The division has investigated 22 fatal accidents on state roads this year, including five in Columbiana County, and in over half of the crashes it was determined that the cause stemmed from some action of the driver or vehicle that could not have been prevented by any highway feature or safety device.

Where speed was the apparent cause, the department erected warning signs, curve warning indicators or other signals.

PTA To Hear Teacher

HAMMONDSVILLE — Ronald Delaney, a new instructor, will speak at a meeting of the Parent-Teacher Association Monday night at 7:30 in the elementary school. Mrs. Shirley Plunkett is president.

By Taking Necessary Steps Now

Physicist Declares U.S. Could Survive A-War

By taking the necessary measures now, a world-famous nuclear scientist says, the nation can either avoid atomic war or win it if it comes. Dr. Edward Teller believes 90 per cent of the U. S. population could survive the holocaust. This is the first of three articles on the subject.

By ALTON BLAKESLEE
Associated Press Science Writer

NEW YORK (AP)—The date is some dreadful tomorrow.

The holocaust of nuclear war suddenly sweeps the United States.

But 90 per cent of Americans could actually survive, declares Dr. Edward Teller of H-bomb fame.

And in three to four years, they could rebuild desolated industries, cities, schools, homes. Democratic institutions would function again.

Lingering radiation would be a problem, but not insuperable, he says. The human race would not perish. Nor would future generations be destined to be born misshapen monsters.

Dr. Teller is convinced this country and other nations could survive despite the "doomsday" fear which grips and paralyzes millions of people in the face of nuclear war.

Indeed, he regards this attitude and lack of defense as a temptation for a well-prepared nation to launch thermonuclear war.

It is an invitation to panic and wholesale, needless loss of life if bombs ever fall, says the famous physicist of the Lawrence Radiation Laboratory of the University of California.

Three steps could create the defense for insurance against war, or for national survival if it comes Dr. Teller said in an interview challenging many general conceptions:

1. Building shelters against fallout and against the blast and fire from nuclear bombs.

2. Stockpiling surplus food, machinery, machine tools, generators, building materials—the essentials to generate power, start factories, build more machines, transport people and goods, and assure communications.

3. Planning organized efforts to carry people through the terrible early days, and the hard, demanding, cooperative labor to rebuild modern civilization.

It would cost billions of dollars, perhaps an average of $4 billions for some years, Dr. Teller says.

"A first step could be simply to distribute our surplus foods to strategic places throughout the country. This could be done in half a year.

"I believe the Russians will be more likely to attack if we are not prepared."

Dr. Teller warns the time is short.

Soviet resumption of nuclear testing is frightening, he says. For it could mean the Soviets have been testing new weapons secretly underground in the past two or three years, and have decided to make open tests simply to answer some final questions.

The Soviets knew open testing would force or irritate the United States into more testing, and arouse adverse opinion.

But an edge won through secret testing could mean "they are so far ahead in weaponry they don't care what we do."

Dr. Teller says "if we don't prepare, 100 million Americans could die in the first days of an all-out war. Thirty to forty millions more could die from starvation and disease. The United States would cease to exist."

"But I firmly believe 90 per cent of our population could be saved. It means 20 million would die, and this is terrible to contemplate. But why not try to give 90 per cent a decent chance for survival?"

Nuclear war "would be one of the most horrible things imaginable, and everything should be done to prevent it."

But, he adds, he is dismayed by "those who say that a nuclear war necessarily means the end of everything."

"The fear of radiation is much greater than it deserves to be. It is not true that radiation, even from an all-out war, would destroy all forms of life.

"And it is simply not true that if war came, everything is hopeless.

"We can prepare."

PTA Officers Begin Duties

New officers, headed by Mrs. Dale Franklin, president, assumed their duties at the first fall meeting of the Westgate Parent-Teacher Association Tuesday evening.

Mrs. Franklin introduced Thomas Dixon, principal, Mrs. Mildred McGregor, assistant principal, three new teachers and other faculty members.

During business, Mrs. Franklin named Mrs. Clayton Gourley Jr. and Mrs. Daniel Gourley as delegates to the City Federation and Mrs. Ray Rigdon and Mrs. Donald Chapman to the Columbiana County Council.

A fund of $175 was presented by Mrs. Donald Raber, chairman of the homeroom mothers, to purchase extra library books for the elementary and Junior High schools. A new project was announced by Mrs. Robert Bicker, chairman.

A game of "name bingo" was introduced by Mrs. George Hill, hospitality chairman, as a get-acquainted means. Mrs. Wilbur Shaffer won a prize.

Following the meeting, the principal conducted a tour of the school for benefit of new members.

Lunch was served by a committee, Mrs. Donald Raber, Mrs. Robert Hillyard, Mrs. Robert Heacock, Mrs. Bud Barber and Mrs. Ralph Widger.

A program on mental health will feature the meeting Oct. 10 and the public is invited.

Cross Burns At Former Negro School

WEIRTON — Police continued to probe today into the burning of a crudely-constructed cross on a hillside radio tower behind a former all-Negro high school Tuesday night.

A number of residents who saw the cross burning on an old radio tower of the Weirton Steel Co. also told police they heard several gunshots.

Police rushed to the grassy hillside at 8:43 p. m. and found the 12-foot-long cross, covered at the tips with cloth and paper, had burned itself out.

Later, a group of 40 persons hurried to the police station inquiring of the cross burning — symbolic of Ku Klux Klan racial incidents in the South.

Police combed the area but found no clues to the identity of those responsible for the incident. Police had no reports of anyone injured by gunfire.

The radio tower is located behind the former Dunbar High School.
